U. S. TROOPS UNLOAD MILITARY CARGO
—An armored personnel carrier is unloaded from the City of Alma by U. S. troops in the port of Saigon. They took over the unloading of cargo

in the port after 2,500 Vietnamese dock workers struck. The port handles nearly 500,000 tons of war supplies and other goods each year. (AP Wirephoto by radio from Saigon)

156th Will Fire Salute Monday at Rocky's Inaugural

Traditional military participation in Governor Nelson A. Rockefeller's inauguration on Monday, Jan. 2 will be observed by top segments of the State's Military Forces.

Gov. Rockefeller, who is Commander-in-Chief of more than 35,000 soldiers, sailors, airmen and marines, comprising the State Military Forces, will be honored by a 19-gun salute fired by men of the 156th Artillery Battalion, NYARNG, of Kingston, oldest military unit in New York State, while being sworn in to office for his third term as Governor of the Empire State.

The 156th is commanded by Lt. Col. Frank Fabbie. The Battalion, with a history dating back more than 300 years, also manned the guns which boomed the salute from Academy Park for Gov. Rockefeller's first and second ceremonies.

Others Participating

The 102nd Military Police Battalion of Utica, commanded by Lt. Col. Max Chenoweth will furnish a motorized military escort for the Governor from the Executive Mansion to the Capitol, prior to the swearing-in ceremony. The 102nd Military Police Battalion also performed a similar function at the Governor's other inauguration ceremonies. The 102nd has participated in military escort duties in connection with many other important ceremonies and gubernatorial affairs in past years.

Commanded by Major General A. C. O'Hara, Chief of Staff to Governor Rockefeller and Commanding General of the New York Army National Guard, military aides to the Governor during the inaugural ceremony and the reception will be the General Officers and Commanders of the New York Army National Guard, the New York Air National Guard, the New York Naval Militia, and the New York (State) Guard. They will include: Major General Lewis A. Curtis, Commander of the New York Air National Guard; Rear Admiral Robert G. Burke, Commander of the New York Naval Militia, and Brigadier General Andrew Malatesta, commander of the New York (State) Guard. Senior staff officers of the State's Military Forces will also be on hand to act as military aides to the Governor at the Reception and the inaugural ceremony.

Veteran Units Due

Veteran Militia organizations at the ceremonies will include the Old Guard of New York City, Veterans Corps of Artillery, and the Troy Citizens Corps.

Col. Frank R. Eyre, Military Support Plans Officer at Headquarters of the New York Army National Guard in Albany, has been designated project officer for the military participation in the inaugural ceremonies. Lt. Col. Wlter A. Clarke will be responsible for all necessary details in connection with the motorized military escort, and the placement of gun crews at the appointed place.

Military signal communications will be set up so that at the instant of his oath of office at the Assembly Chamber, the Governor will be hearing the boom of the salutes as crack gun crews of the 156th Artillery Battalion discharge their weapons in Academy Park.

Both officers and enlisted men of Headquarters Detachment of the New York Army National Guard in Albany, will also be on hand to lend their military support and the handling of details during the preside inauguration ceremonies.

Mercury Lifts Freeze Threat

A second year-end holiday season storm which began with sleet and snow Wednesday night and gave way to freezing rain and flurries, dumped between 2 and 5 inches of snow on Ulster County communities and created hazardous driving conditions and some minor flooding.

A 10-degree rise in temperatures early today lifted the threat of dangerous ice conditions and the threat to electric power and telephone service in the area.

No Serious Mishaps

The City engineer's office reported the mercury climbed from 20 to 30 degrees between 1 and 8 a. m., eliminating the immediate possibility of a freeze.

State Police throughout the area said no serious traffic accidents had been reported as the result of the storm. Some cars reportedly slid into ditches and were abandoned off rural highways.

Two Dead In State

At least two deaths were reported in the State where up to 16 inches or more of new snow added to the misery following the Christmas weekend storm.

The Associated Press report said most of the new snow pilled on parts of Northern New York — 16 inches overnight at Lowville, 10 at Boonville and in the Fulton area off Lake Ontario. Rome and Oneida, in Central New York, also had 10 inches of snow. The Weather Bureau's deepest on-the-ground measurement, counting previous snow, 20 inches at Boonville.

Storm victims, the AP said, were Charles T. Ream, 22, of Jamestown and Howard F. Coe, 36, of Falconer, who died when their automobile and a truck collided on icy Route 17 near Kennedy, in western New York.

Crews Back On Job

Tired highway crews who had worked around the clock — and longer — after the Christmas Day storm piled up at least a foot of snow in the city and 16 inches or more in the mountain sections were called out last night to sand and salt the highways in the county and city streets.

A spokesman for the County Highway Department reported the storm started with ice followed by heavy snow. Crews of workmen were called out and at midnight full forces were on

Local Officials to Inspect Two Planned Capitol Areas

A group of local and state officials, plus members of Mid Hudson Pattern for Progress Inc., will be inspecting two planned city developments today in the Washington, D. C. area — one at Columbia, Md., and the other at Reston, Va.

The new city projects, each being constructed according to a comprehensive master plan, are one of the new concepts in urban planning. C. David Locks, president of PFP, explained before his departure, "and these developments may play a role in shaping the future of the seven-county Mid Hudson region."

Besides Locks, the inspection party includes Lelan F. Sillin Jr., board chairman of PFP, a privately-financed regional planning and research organization; Herbert Shultz, Israel Slutsky and Colin Getz, all members of PFP's Executive Committee; Alexander Aldrich, also a PFP board member, and executive director of the Hudson River Valley Commission; James A. Frost, who takes over Jan. 1 as acting president of State University College at New Paltz; John G. Grifalconi, chief planner, New York State Plan-

Approve Sale of Tracts To UR; Zoning for Home

Let World Opinion Go Fly Kite: Solon

WASHINGTON (AP)—Chairman L. Mendel Rivers, of the House Armed Services Committee, said the United States should "flatten Hanoi if necessary (and) let world opinion go fly a kite."

Should Use Full Potential

His Senate counterpart, Chairman Richard B. Russell of the Armed Services Committee, says "the use of superior force is the only means by which they (the Communists) can be forced to the conference table."

Rivers, a South Carolina Democrat, said in a telephone interview Wednesday night from Charleston, S.C., "We should use to the fullest the potential of our great air power" upon North Vietnam.

He said the lack of full use of such power "is why these people think we're kidding."

He derided reports of civilian casualties in North Vietnam and asked "what about these (American) fliers that have been shot down on these missions of indecision? Nobody seems to be worried about these fellows."

Rivers referred to bombings of cities in World War II and said "we were determined to

Kingston Common Council Wednesday night approved three resolutions, including one correcting an "oversight" in the existing zoning laws.

The oversight involved deletion of the Children's Home from those areas indicated for parish houses, religious schools and public and private schools. The passage inserted by Council members approves establishment of the home in such areas "on land not less than five acres."

May Relocate

During a lengthy discussion at last night's session, Councilmen indicated the home may be relocated on a 15-acre plot in the Glen Street section of the city.

Remaining resolutions acted upon involved approving sale of eight parcels of city-owned land along East Broadway to the Urban Renewal Agency; authority to offer at private sale another city-owned property at 73-77 Hurley Avenue; and approval for continuing use of city laboratory facilities by Kingston and Benedictine hospitals. According to the action approved last night, the eight parcels of land will be sold to the agency at a total price of \$24,700.

Complaints of Debris, Snow

In other business at the meeting, Alderman Joseph Epstein complained of treatment received by residents in his Sixth Ward. He spoke of sidewalks littered with debris from urban renewal demolition and unshoveled snow that made it difficult for pedestrians, including children walking to and from school.

Epstein was joined in his complaint by Alderman Clifford Sinsabaugh, who said conditions in Ffith Ward were identical. As an offshoot of the complaints, a letter was requested to each of Kingston's various department heads inviting all to an "emergency meeting" on the matter.

Cites Lack of Room

The Children's Home amendment to the zoning laws came at the request of attorney Christopher D. Morris, who read a five-page statement urging the action be taken. The statement, in part, cited the lack of room for expansion and "the wrong image" held by many. According to Morris, such an "image" would be due "to a complete ignorance of the nature of children's homes."

According to Lawrence Siewers, director of the home, the zoning change would allow the home to locate anywhere in the city, although he did indicate officials are "only looking ahead to tomorrow and are not planning now prepared to start building right now."

Job Gets Difficult

He explained, however, that the home's present grounds at 77 East Chester Street has only two and one-half acres and a main building that was constructed in 1906. "And it's not easy to run a 1966-67 program in a 1906 building without room for expanding Siewers said.

Resume Probe of Placid's Fire Debris; No Word on 5

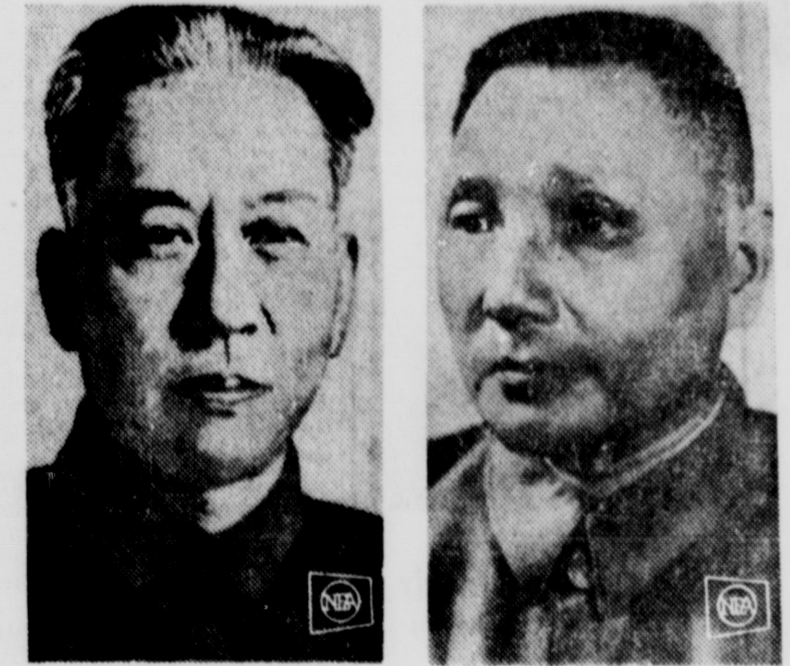

LAKE PLACID, N.Y. (AP)—Police and firemen resumed today the grisly task of probing frozen debris in search for five men, missing and presumed dead in a fire that destroyed the employe wing of the Hotel Marcy.

Officials called off the search Wednesday night when some of the tons of water that had been poured on the structure earlier in the day froze and made further searching in the dark extremely hazardous, police said.

The missing employes were identified as Milton Anizer, about 50, and Clyde Hoisington, both of Lake Placid; Michael P. Gouthain, The Bronx; Michael Guduz, 67, and James W. Gray, 62, both of Montreal.

Five persons, including owner Jack Davis, 52, were injured, after the fire was detected about 3 a.m. Wednesday, apparently in the kitchen of the landmark hotel.

About 475 guests were forced into below-zero weather in their nightclothes. They later were allowed to return to the main section of the hotel to retrieve their clothing. They were lodged at other hotels and motels in this

REDS IN TROUBLE—In trouble in Communist China's continuing "cultural revolution" are two top officials, President Liu Shao-chi, left, and party Secretary-General Ten Hsiao-ping, right. Japanese sources report a mass rally of 100,000 youthful Red Guards in Peking denounced Liu as "China's Khrushchev" and condemned both men for pursuing a "bourgeois reactionary line to satisfy personal ambitions." (NEA Radio-Telephotos)

See Peking Near Hydrogen Arm

TOKYO (AP) — Red China's fifth nuclear explosion, apparently its biggest, indicates a big stride toward a hydrogen weapon, Japanese experts said today.

Small Version Possible

There was some speculation the device exploded Wednesday was a small hydrogen bomb, or a reinforced nuclear weapon. Although the official Chinese announcement gave no details of the size and type of the device, Japanese newspapers had no doubt it contained thermonuclear material.

They noted the Chinese announcement said the test raised China's nuclear knowledge "to a new level."

Some predicted a grim new year's present if the test's radioactive cloud drifts over Japan as expected Saturday or Sunday. Snow, which could bring down contaminated particles from the atmosphere, is forecast for much of Japan on New Year's Day.

Just Matter of Time

"At any rate, we must pay attention to the fact that real production of a hydrogen bomb (by China) is now imminent and only a matter of time," the newspaper Sankei said.

Sankei said Japanese defense agency officials did not believe the blast was a full-fledged hydrogen bomb because of the yield — estimated by U.S. intelligence at the equivalent of 300,000 tons (300 kilotons) of TNT.

Sankei said Japanese officials believe an H-bomb would have produced a yield near to 1,000 kilotons. But the newspaper Asahi noted that the United States set off a hydrogen bomb under-

Report Leaders In China Order Soviet Hate Drive

MOSCOW (AP) — Peking's leaders have ordered an all-out hate-Soviet campaign in the Chinese army, the Soviet defense ministry charged today.

The defense ministry newspaper Red Star said "everything has been placed at the service of anti-Soviet propaganda." The article, spread across the bottom of two pages, was clearly aimed at warning Soviet military personnel of possible danger from China.

Hit Imperialism

"To cultivate hatred for the Soviet Union among servicemen," the article said, "Chinese propaganda is trying in every way to persuade army soldiers and commanders that the Soviet Union and American imperialism are 'one and the same thing.'"

Red China and the Soviet Union share a 4,150-mile border, much of it's disputed territory, Chinese Communists party Chairman Mao Tse-tung has

Jury Takes No Action On Majestic Charges

The December Grand Jury, which concluded its activities Wednesday afternoon and made a final report to Supreme Court Justice Louis G. Bruhn, made no investigation into inferences of possible irregularities in the Ulster County Welfare Department which were made by Supervisor George Majestic (D), Gardiner, at a recent meeting of the Board of Supervisors.

At that time Ulster County Attorney Abram Molyneux had made a suggestion that if Majestic had any information or knew of anyone who did have any irregularities, they should present such information to the Grand Jury.

Appeared Dec. 28

Supervisor Majestic appeared before the December Grand Jury on December 28 just prior to the final report of that body.

In its report to Justice Bruhn the Grand Jury stated: Having this date, December 28, 1966, acceded to the request of George Majestic, Supervisor of the Town of Gardiner, to appear before our body in the absence of any representative of the District Attorney's Office, we find we are not in a position to take any affirmative action at this time.

Majestic appeared at the court Wednesday morning and went before the Grand Jury. He did not remain in the Grand Jury room long.

Later the Grand Jury in its final report included among its "recommendations" the state-

ment that they had taken no action.

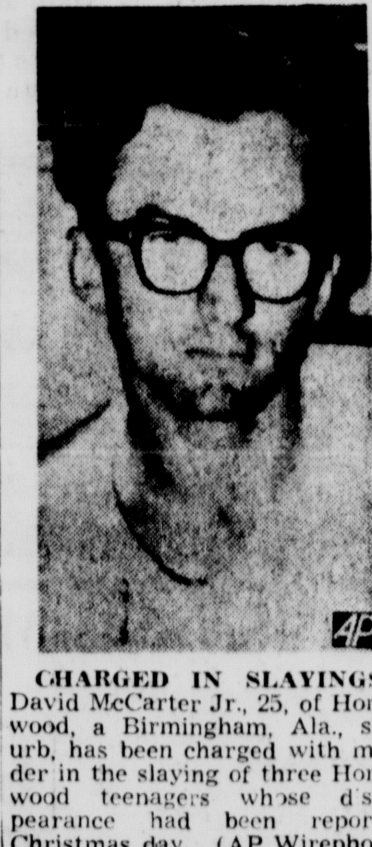

Note Recommendations

Other recommendations of the Grand Jury was for increase of pay for Grand Jurors to \$10 a day and payment of mileage to city residents who now pay bus fare or use their cars.

The jurors also recommended that "first offenders (juveniles)" be taken to the Catskill Reformatory for Youthful Offenders at Napanoch to "show them what would happen to them on their next offense." The jurors also said they believe "we are too lenient with dope-pushers" and suggested that Ulster County should build a correctional and educational school for underage offenders and "keep them off the streets and give them a thorough education."

Installation of a louver and exhaust fan in the ceiling of the Grand Jury room to provide badly needed ventilation, was also recommended.

The Grand Jury also filed the usual resolution commending the district attorney's office for its "able presentation of cases, thanked the sheriff and his staff for their courteous help in a tour of the county jail and also the staff of the correctional institution at Napanoch for a tour of that institution.

CHARGED IN SLAYINGS—David McCarter Jr., 25, of Homewood, Birmingham, Ala., sub-

urb, has been charged with murder in the slaying of three Homewood teenagers whose disappearance had been reported Christmas day. (AP Wirephoto)

Poisoned Air Seen as Threat To Agriculture

WASHINGTON (AP) — In certain air pollution hot spots of the United States, poisoned air is fast becoming a greater threat to agriculture and forest trees than capricious weather and insects, scientists report.

In California alone, reported Dr. O. C. Taylor of the University of California at Riverside, air pollution causes more than \$100 million damage to vegetable fields and citrus orchards each year.

He said "around Los Angeles, no leafy vegetable crops can be grown."

But other panelists at a special symposium on air pollution at this week's meeting of the American Association for the Advancement of Science brought out that air pollution's effect on crops is not confined to California.

They said most of the worst-affected areas are near major industrial cities and that their geographic spread has been increasing in recent years.

They mentioned Bergen County, N.J., and parts of New York, Florida, Tennessee, Oregon and Washington, but indicated there were other affected areas.

son of Schenectady spent Monday with Mr. and Mrs. Bradford Sterling.

Bruce Brockelmann of the armed forces is spending the holidays with his parents, Mr. and Mrs. George Brockelmann.

The David McClusky family is visiting relatives in Philadelphia. Mr. and Mrs. Edward Weber and son, Eddie, were dinner guests Christmas of Mr. and Mrs. Kenneth Weber.

Mr. and Mrs. Arnold vanLaer Sr. spent the Christmas weekend with their daughter and family, the Ralph Thorntons of Windsor, Conn.

Mr. and Mrs. Erling Frivold entertained at a Christmas Eve family dinner party Mr. and Mrs. Lester Countryman, Mr. and Mrs. Elwin Schoonmaker and family and Mr. and Mrs. Arnold vanLaer Jr. and family.

Mr. and Mrs. John Gade and family of Saugerties were dinner guests Monday night of Mr. and Mrs. Robert Hornbeck.

Monday afternoon the Robert Hornbeck family called on cousins, Mr. and Mrs. Harrison Krum of Liberty.

Clears Railroad In Mass. Crash, Cite Truck Brakes

EVERETT, Mass. (AP) — The State Department of Public Utilities says a malfunction in the brakes of a fuel oil truck was the apparent cause of the collision Wednesday which killed 12 persons in a Boston & Maine Railroad diesel car.

The train smashed into the truck at the Second Street crossing, causing an explosion and fire which engulfed the train and truck. At least 19 persons were injured.

Peculiar Circumstances

Roy C. Papelia, chairman of the public utilities department, said Wednesday an initial investigation satisfied him "that no railroad fault, either human or mechanical, was responsible."

He said, "it appears now that a malfunctioning brake in the stalled oil truck was to blame in this most peculiar set of circumstances at a particular time."

The driver of the truck, Raymond Bouley, 29, of Billerica, told police that his brakes froze as he crossed the tracks and that the truck stalled. He said he could not restart the motor.

He said guard rails came down on both sides of the crossing and he ran down the track waving his coat in an effort to flag down the oncoming train.

Railroad officials said there are no devices to warn of an object blocking the tracks.

Will Probe Devices

The Massachusetts legislature committee Wednesday to investigate warning and safety devices along the B&M line. The committee also is expected to probe the type of door used on the diesel cars.

Police reported they were unable to enter the car at first because a door was blocked by a body jammed against it.

Att. Julian Soshick, representing the owner of the fuel truck, Oxbow Transport Co. of Lexington, said the vehicle's brake system "had been bled of condensation a few hours before the accident to guard against freezing."

He said, "We have our own shop and maintenance records showing the truck had been checked out within two days and all safety devices were there and working."

The dead included: Joseph R. Mondello, 42, 41 Sabieski St., Buffalo, N.Y.; Graham A. Atkinson, 20, U.S.N., 611 Kent St., Rome, N.Y., stationed at the Pentagon, Washington, D.C.

Elect Council Head Tonawanda Mayor

NORTH TONAWANDA, N.Y. (AP) — Paul A. Rumbold, president of the North Tonawanda Common Council, has been chosen to succeed the late Fred B. Durkee as mayor of the city. The 34-year-old Rumbold was elected, 4-3, in a vote Wednesday night by the council of this city north of Buffalo. Rumbold will fill out Durkee's term which ends Dec. 31, 1967. The post pays \$4,500 a year. Durkee died Dec. 20.

Deny Charge Patients Used Like Guinea Pigs

NEW YORK (AP) — Top New York City and state health officials have denied charges that doctors in municipal hospitals here use indigent patients as guinea pigs for research.

The officials met Wednesday with the State Commission of Investigation, which began an investigation of charges by State Sen. Seymour R. Thaler that patients have been used for

experiments without their permission.

Scores Abuses

Thaler also has accused the city hospital system of abuses and waste that cost about \$100 million.

After the informal session with the four-member commission, Dr. Howard J. Brown, city health services administrator, said:

"In no case are procedures done that do not seem to be in the best interests of the patients. I do not believe that unnecessary surgery is done in the city hospitals for research—that is unnecessary major surgery."

Regarding minor surgery, Dr. Brown said that the hospital system was too large for him to say that the practice never existed.

Hospitals commissioner Joseph V. Terenzi said:

Cites Rules

"I suppose it would be naive to say there is no substance to Senator Thaler's charges unless I knew every single hospital and every single patient. Rules of the department require that informed consent must be obtained."

Dr. Donald Dickson, associate state health commissioner in charge of New York City affairs, said after a study of the situation: "I have found no evidence of patients being used as such."

Thaler made the patient-misconducting charge Tuesday. He has also accused doctors and administrators of payroll padding, misuse of equipment, double billing of patients and other widespread abuses.

Jacob Grumet, chairman of the state commission, said an investigation of the hospital system would take "a long time, possibly a year or more."

"Our practice is to conduct an investigation privately. Then, if we develop anything that is of public interest, we hold public hearings," he said.

Visualizes Huge North Texas Air Terminal in '72

By MIKE COCHRAN

GRAPEVINE, Tex. (AP) — The year is 1972, and the jumbo jet sweeps low across the metropolitan maze and drops onto a runway 2½ miles long.

Some 500 people pour from the airplane as it rolls to a halt at one of 100 gate positions along the two-mile terminal complex.

Distribute Luggage

A "people mover" sweeps them through the terminal to a luggage counter, where almost instantly they claim 1,000 pieces of luggage.

Some linger in fine restaurants, shops and lounges but most climb into 300 or 400 cars and taxis, then speed away on the top level of a three-level roadway system.

Twenty minutes to the east is Dallas and 20 minutes to the west is Fort Worth. It is difficult to determine where one city stops and the other begins.

This is the proposed North Texas Regional Airport, six years and \$250 million from now, billed as the largest and safest airport in the world. It could become a prototype for future airports around the world.

The scene mentioned above

Killed by Sniper

BUFFALO, N.Y. (AP)—A 22-year-old soldier, standing in front of a South Vietnam church Christmas Eve, was shot by a sniper.

Mrs. Juliette Metty said a Pentagon source told her that her husband, Pfc. Raymond J. Metty of Buffalo, was killed by a bullet from an unknown source.

The U.S. Department of Defense had notified her that Metty was killed "in non-hostile circumstances."

Metty, a native of nearby Lackawanna, had served in Vietnam nine months. Before entering the service Nov. 11, 1965, he worked for a trucking company here. His address was 215 Goodell St.

Past Performance Will Rule What Can Happen in Albany

By CHARLES DUMAS

ALBANY, N.Y. (AP) — You don't need a crystal ball to discern the shape of things to come in New York government and politics during the New Year.

All you need is a 1967 calendar, a past-performance chart and a six-volume set of the laws of inevitability.

Vest-Pocket Edition

So armed, it is possible to offer this vest-pocket Reporter's Almanac, complete with high and low tides of spending:

Jan. 2—Gov. Rockefeller takes his third-term oath in ceremonies at the Capitol and observers will compete to find a residue of White House ambitions in his inaugural address.

Jan. 4 — The 1967 Legislature will convene and hear Rockefeller's "state of the state" message. Republicans will praise his program and Democrats will denounce it as inadequate.

Jan. 5 — The Senate's Republican majority leader, Earl W. Brydges, and the Assembly's Democratic speaker, Anthony J. Travia, will express hopes for a short, harmonious legislative session, ending in early April.

Jan. 10 — There will be reports that Brydges and Travia

are feuding behind the scenes. Each side will accuse the other of obstructing the progress of the session.

Jan. 16 — Rockefeller will send a record-high budget to the Legislature. (This one's a cinch — the new budget always sets a record.)

Feb. 1 — A political columnist will report that U.S. Sen. Robert F. Kennedy has seized control of the New York Democratic party. Kennedy will deny it.

Feb. 2 — Democrats will argue among themselves over who is to become chairman of the State Constitutional Convention. Kennedy will deny that he is trying to dictate the choice.

March 1 — Travia and Brydges will say they still hope to wind up the session by early April, but each will maintain that it depends on cooperation of the other.

Aren't Talking

March 4 — There will be reports that Brydges and Travia aren't talking to each other at all.

April 4 — The Constitutional Convention will open with both Democrats and Republicans promising bi-partisan cooperation, in the best interests of the people.

April 15—Democratic and Republican elements in the Convention will exchange angry charges of blatant partisanship.

May 1—Three political columnists will report Kennedy has seized control of the Democratic party in this state. He will deny it.

July 4 — Convention leaders will express confidence that its work will be completed by Labor Day.

August 4—Convention leaders will express fears that its work might not be completed this year, each side saying it all depends on cooperation by the other.

Labor Day—Four columnists will report that Kennedy plans to seize control of Democratic party after returning from a late-summer vacation in the

Swiss Alps. He will deny it. Nov. 8—Democrats and Republicans both will claim to have posted gains in the "off-year" local elections.

Navy to Seek Sunken Ore Carrier in Huron

CLEVELAND, Ohio (AP) — The Navy will use divers to try to locate and inspect the bulk of the Daniel J. Morrell for the Coast Guard, which is conducting an investigation into the sinking of the 600-foot-long ore carrier in a Lake Huron storm Nov. 29.

Rear Adm. Charles Tiche, commander of the Ninth Coast Guard District and chairman of the marine board investigating the sinking, said the Coast Guard commandant had approved his request to find and explore the wreck.

The wreck, or part of it, is believed to lie in 200 feet of water about 26 miles north of Harbor Beach, Mich. The divers will inspect the wreckage and try to bring up material which might help the board of inquiry, which is in recess at present, to determine the cause of the sinking.

Bigger Bite Due Next Week for Security Taxes

WASHINGTON (AP) — The federal government will take a bigger bite of the weekly paycheck beginning next week to help pay for increased Social Security benefits, especially medical care for the elderly.

Social Security taxes will climb from this year's 4.2 percent rate to 4.4 percent on Jan. 1 and most of the increase will be used in the medicare program.

Over-all, the increase will add an extra \$1 billion to the Social Security trust funds during 1967 but the most any one person will have to pay is \$290.40, up \$13.20 from this year.

will be earmarked for the medical care program and the rest for regular Social Security benefits.

And there's more to come in the years ahead.

Increases in the Social Security tax rate are already built into law through 1987 and any increased benefits voted by Congress could mean even higher taxes.

President Johnson has already made an across-the-board improvement in benefits as a major legislative goal for next year and has the support of both Democratic and Republican leaders.

Next year's bite won't hurt as

much as the one last January when not only the tax rate but the earnings on which it is levied were raised. The first \$6,600 in earnings will be subject to the tax next year, the same as this year.

But the 1965 tax was based on a rate of 3.625 per cent and earnings of \$4,800 for a maximum payment of \$174. This rose to \$277.20 this year. Of this year's maximum, \$23.10 was earmarked for medicare.

Next year, \$33 of every maximum payment of \$290.40 will go for the medical care program.

This maximum is paid by both the worker and his employer.

As D&H Chairman White Retires Sunday

ALBANY, N.Y. (AP)—William White, chairman of the board of the Delaware & Hudson Railroad Corp., says he will retire Sunday.

John P. Hiltz Jr., of Schenectady, will become chief executive officer of the D&H, White said Wednesday in announcing his retirement.

White said he also was stepping down as chairman of the board and president of the Delaware & Hudson Co.

BERRY'S WORLD

Ground Fighting Slackens

Report Power-Packed Navy Task Force Now Off North Vietnam

SAIGON, South Vietnam (AP) — The U.S. Navy announced today that its power-packed Task Force One — made up of all three of the Navy's nuclear-powered surface ships — is in action in the Gulf of Tonkin off North Vietnam.

Bainbridge Arrives

The latest to arrive was the frigate Bainbridge, which joined the aircraft carrier Enterprise and the cruiser Long Beach at "Yankee Station" 100 miles off the North Vietnamese Coast.

The three ships operated previously as Task Force One with the U.S. 6th Fleet in the Mediterranean and sailed together in a history-making round-the-world voyage without refueling in 1964.

The 85,000-ton Enterprise, the world's biggest warship, arrived Dec. 17 for her second tour of duty with the 7th Fleet off Vietnam. The Long Beach preceded her by two weeks.

The Navy's disclosure came as ground fighting slackened again in South Vietnam and the 48-hour New Year's truce approached. Only one ground clash of any significance was reported.

Troops of the U.S. 1st Cavalry, Airmobile Division battled a North Vietnamese force of unknown size in mountain-surrounded rice fields 280 miles northeast of Saigon. Fragmentary reports said they were still fighting this afternoon.

U.S. Casualties Light

U.S. casualties so far were reported light and enemy losses were not known.

No contact was reported in the big Mekong Delta sweep launched Tuesday by several regiments of South Vietnamese troops, including 1,000 or more paratroopers who jumped unopposed into canal-laced paddies 126 miles southwest of Saigon.

A Vietnamese military spokesman said Viet Cong casualties remained at 89 killed, the number announced Wednesday for the initial two days. All were attributed to air strikes and infantrymen. The spokesman said the paratroopers had failed to engage enemy units so far.

The U.S. military command reported American troop strength in South Vietnam reached 376,000 last Saturday, an increase of 5,000 men over the previous week.

109 Yanks Killed

The command also announced U.S. casualties last week were 109 killed and 574 wounded, compared with 88 killed and 433 wounded the week before.

Vietnamese headquarters reported 203 government soldiers killed last week compared with 190 in the previous week. Communist casualties last week were placed at 1,083 killed and 198 captured, the week before 860 enemy killed and 98 captured were reported.

Weather Curtails Bombing

Rain and generally poor weather again curtailed U.S. bombing of North Vietnam Wednesday. American pilots flew 70 strike missions, most of them in the southern part of North Vietnam. Pilots reported setting afire the Nam Dinh rail yards 37 miles southwest of Hanoi and, in strikes elsewhere, damaging or destroying three anti-aircraft sites, five barges and four storage areas.

The U.S. command reported two Army helicopters shot down by Communist ground fire Wednesday. U.S. spokesmen said five men were injured.

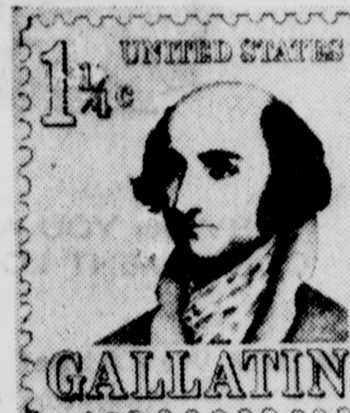

U.S. gunship helicopters continued their campaign against supply-laden Viet Cong sampans close to Saigon, and chopper crews reported sinking 22 more 18 miles south of the capital. This raised to 196 the number of sampans sunk in the last three days in the helicopter drive to intercept movement of rice and other supplies.

Call 12-Hour Strike

In Saigon, the Vietnamese Labor Confederation called a 12-

Brain Uses Oxygen

Though the human brain comprises only 2 per cent of the body's weight, it accounts for approximately 25 per cent of all the body's oxygen consumption when at rest, according to the Encyclopedia Britannica.

NEW POSTAGE STAMP

bears the portrait of Albert Gallatin, regarded as one of America's greatest secretaries of the treasury, who served in that office from 1801 to 1814, longest tenure in history. Designer of the 1½-cent stamp was a man of common ancestry, Robert Gallatin of Columbus, Ohio. The vertical stamp will be printed in light green.

WAIT!...for Penney's White Goods Event!

Sure we do every test there is for sheets.

We test strength. Our sheets must take at least 55 lbs. in any direction. We magnify. We count threads. We check for even weave. We check shrinkage. We test finish. Color takes the equal of many hours of Florida June sunlight. We stretch-test elastic (for Elasta-fit sheets) after baking at 300°F. We test every-which-way.

But your home-test shows how really good they are!

A sheet takes a lot at home. You sleep on it. You yank and pull it. Sometimes it gets into a tug-o-war. It may be a tent. Or even a banner. You wash it over and over. The wind whips it. Or you tumble it. And it must come up smiling and comfortable. That's why More women buy Penney sheets than any other single brand in the world.

USE YOUR CHARGE ACCOUNT

During our big January White Goods event, get your favorite Penney sheets at reduced prices!..

Today in History

By THE ASSOCIATED PRESS
Today is Thursday, Dec. 29, the 363rd day of 1966. There are two days left in the year.
Today's highlight in history:
On this date in 1845, Texas was admitted to the Union as the 28th state.

On this date:
In 1908, Andrew Johnson, the 17th President of the United States, was born.

In 1941, Japanese troops were closing in on the Philippine capital, Manila.

In 1944, the Nazis in the Belgian "bulee" were being squeezed by Allied armies hitting the Germans on three sides.

Ten years ago — United Nations salvage crews began the task of clearing the Suez Canal of sunken vessels and other obstacles blocking the waterway. The canal had been made impassable at the height of the Suez crisis.

Five years ago—French President Charles de Gaulle said the bulk of the French army in Algeria would be withdrawn in the coming year. In De Gaulle's 1961 year-end message, he held out qualified hopes for agreement on Algerian independence in the near future.

One year ago — The United States kept North Vietnam off limits to its fighter-bombers for the seventh straight day and continued its diplomatic offensive for peace negotiations.

Bread and Cigars

PITTSBURGH, Pa. (AP) — A loaf of bread and a box of cigars is all that a thief got for his efforts recently.

The thief, approached Constantine Fekaris, 70, as he was closing his tavern and said: "Give me your money or I'll kill you!"

The thief then grabbed a paper bag Fekaris was carrying. It contained no money, just the bread and some inexpensive cigars, Fekaris said.

Easter Island in the Pacific is so-named because it was discovered on Easter Sunday in 1772, according to the Encyclopaedia Britannica.

BRIDGE

Brave Lead Aids Squeeze

By Oswald & James Jacoby
Newspaper Enterprise Assn.

South's four-club bid was German and North's four-spade response showed two aces. This was enough to get South to bid a slightly optimistic slam.

He put it in hearts for two reasons. He wanted to collect 100 points for honors and he wanted to play the hand himself.

West opened the ten of clubs and the most South could count to was 11 tricks. He could run off his hearts but it was a cinch that whichever opponent held four diamonds would not discard one.

There was a possible squeeze in case East held four diamonds and both the ace and king of spades but South saw a better line of play.

He won the club lead in dummy and played the four of spades. East played low and South played the queen. West might well have held off right then and there but West believed that a trick in the hand was

worth two on the table so he took his ace and lead another club. (Of course, if West had

ducked. South would have had his 12th trick.)

No one can blame West for continuing clubs. It is rare indeed to find a declarer who plays the suit his opponents have two tricks in when he is playing a slam contract.

After the second club play it was all beer and skittles for South. He played out all his trumps and the last high club. This left everyone with four cards. Dummy held his original four diamonds, South the jack and one spade and ace and one diamond, and East the equivalent of a live rattlesnake. He couldn't keep four diamonds and the high spade.

Shocking Shrimp

PASCAGOULA, Miss. (AP) — Shrimp in the Gulf of Mexico are now being shocked into fishermen's nets.

A device developed by the Department of the Interior's fishery laboratory here sends an electrical shock just ahead of the trawl which causes the shrimp to "jump" from the mud into the nets.

HAPPY HOLIDAYS!

SUPPOSE YOU HAD TO WASH THESE DISHES DURING THE HOLIDAY SEASON?

Well, you will. An average family will clean up just about this much kitchen mess from Thanksgiving thru New Years. That's a lot of clutter—a lot of mess, a whole lot of time you could spend pleasantly or profitably—if you had an Automatic Dishwasher.

A Dishwasher cuts your kitchen cleanup time by about two-thirds, gets dishes sanitary clean, needs no pre-rinsing—gets you out of the kitchen fast.

See your local dealer about an Automatic Dishwasher—and, Happy Holidays!

Graceful Occasion Commentator Is Host at Dinner For TV Newsmen

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — ABC Wednesday night turned its annual, on-camera get-together of top news correspondents into a graceful occasion.

They were summoned, not to the usual stiff studio set, but to dinner at the home of commentator Howard K. Smith outside of Washington. Clad in dinner jackets, sipping brandy and smoking cigars, the newsmen discussed and disagreed in gentlemanly style on a variety of subjects.

Variety of Subjects

The talk was spiced by articulate and informed varieties of opinion while covering the predictable ground. They took up with enthusiasm the Vietnam conflict, Sino-Soviet relations, the credibility gap, probable presidential candidates in 1968, the enigma of De Gaulle, the future of Britain, the new nationalism of Germany and a number of other subjects besides.

NBC's yearend wrap-up—using the communications satellites to bring its correspondents together—will be along tonight—8:30-10 EST—and CBS' is set for Sunday afternoon—2:30-3:30.

Earlier in the evening, NBC's Bob Hope Theatre launched what may be the new trend in spy stories. It was the first of a two-part drama by Alvin Sapsieley called "Code Name: Heroclitus."

Sapsieley, apparently, is as bored with superspies having superadventures as some television viewers. So he has created a surly, dour fellow without memory of his past, without conscience and with a passion for gum chewing. He does his sowing with the help of nothing more interesting than an old-fashioned pistol.

Hugh Returning

Hugh Downs, since the departure of Jack Paar from the "Tonight Show" has had plenty of daylight exposure as host of the "Today Show" and "concentration" but he has been a rare sight after dark.

This will be changed on Jan. 8 when NBC will pull together an assortment of taped interviews and guided tours made during a recent week's visit to England by the "Today Show" crew. It will be used to fill that 6:30-7:30 p.m. EST hour on Sunday night which is turned over to the news department when it is not filled by the Telephone Hour.

Confirm Jackie's Note to Nik in Magazine Serial

NEW YORK (AP) — Mrs. John F. Kennedy wrote Premier Nikita Khrushchev "before she left the White House that he and President Kennedy, although adversaries, were allied in a determination that the world would not be blown up."

Mrs. Kennedy said she was certain that President Johnson would continue her husband's policy which she termed one of control and restraint.

Agrees With Report

A spokesman for the Kennedy family confirmed today that the letter will be in the Look magazine serialization of William Manchester's book, "The Death of a President." The spokesman was asked about the letter after a person who had read the manuscript related details of it to The Associated Press.

Manchester also says in the serialization, according to a person who has read it:

He agrees with the theory of the Warren commission, which investigated the assassination, that Gov. John Connally of Texas, who was riding with Kennedy in the Dallas motorcade Nov. 22, 1963, was hit by the same bullet that went through Kennedy's body. Connally has expressed the opinion that he and Kennedy were hit by different bullets.

Newsman Charles Bartlett told Defense Secretary Robert S. McNamara he had heard from President Kennedy that he was to be secretary of state in the second term. Bartlett said today he did not care to comment.

(Arthur M. Schlesinger, Jr., a former adviser to President Kennedy, wrote recently that Kennedy had decided in 1963 to replace Dean Rusk as secretary of state after the 1964 election). Manchester says that once Rusk had left, Robert F. Kennedy, then attorney general, would ask to be assistant secretary for inter-American affairs.

Schlesinger asked John Bailey, Democratic national chairman, if it were possible to deny the presidential nomination in 1968 to Johnson. Bailey said the result would be to lose the election.

Other Sources Cited

A source close to the Kennedy family said that Mrs. Kennedy had written a letter to President Johnson after the assassination in which she expressed "appreciation for the considerate behavior he showed her."

"In some respects the book paints an unfavorable picture of President Johnson," the source said. "But this did not come from Mrs. Kennedy, or Robert Kennedy. It came from some other sources and from the judgment of the author, which he is entitled to make."

Euros are as common to New Mexico as goats.

NEW SPORT being tried out at Santa Monica, Calif., provides a brief but thrilling parachute ride. Darryl Ferben is snatched from the roof of a lifeguard tower as gusty winds fill his chute. (NEA Telephoto)

Receives Promotion

Specialist Four Michael J. Douglas, son of Mr. and Mrs. William J. Douglas, 434 Washington Avenue, has been promoted to specialist 4-E4.

Specialist Douglas, who arrived in Viet Nam in March this year, also has been awarded the Combat Infantryman's Badge for having been in contact with the Viet Cong for more than 30 days. He is stationed at Cu Chi.

'Little Britain'

British Celts settled France's great western peninsula of Brittany from the 5th to 7th centuries and gave it its name, which means "Little Britain."

Christian Faces Knife

AUSTIN, Tex. (AP) — President Johnson's new press secretary, George Christian, is to undergo back surgery today.

Christian, 40, said he was having the surgery for a longtime ailment while Bill D. Moyers, his predecessor, is available to fill in as press secretary for about three weeks.

Christian became press secretary earlier this month after Moyers announced he was leaving the White House staff Feb. 1 to become publisher of Newsday, a Long Island, N.Y., newspaper.

One of Zachary Taylor's daughters married Jefferson Davis who became President of the Confederate States.

Expresses Theory Rock and Roll Can Hurt Hearing

PHOENIX, Ariz. (AP) — If today's teen-agers need hearing aids when they're 25, they have only themselves to blame, says Robert A. Larabell.

Their rock 'n' roll music is too loud and it's damaging their ears, the acoustics engineer said Wednesday.

High in Decibels

In decibels, Larabell said it ranks right up there with riveting, drop forging and automobile assembling. And workers in those industries are required to wear noise guards.

The quality of rock 'n' roll music draws no complaint from Larabell, president of an acoustics company. He objects only to its volume, particularly when it's amplified through batteries of loudspeakers in nightclubs with rows of listeners crowded in close.

Using standard industrial metering equipment, Larabell has measured the noise output of a number of rock 'n' roll bands.

"A home at night, with the TV turned off and everybody asleep, and nobody snoring, will produce about 40 decibels," he told a reporter.

Study Range

"A private office, 60 to 65 decibels. A general office, 70-75. Somebody shouting at you from a distance of three feet might make 80 decibels. Ability

to communicate drops at about 85 decibels, and the most avid television or radio fan won't turn the volume past 90 decibels."

Larabell said the Air Force and others have worked up exposure charts that show how much sound over what period of time may be damaging.

He said he measured a volume of 90 to 95 decibels 20 feet from a teen-age band. "By Air Force charts, this much sound over an exposure of 15 minutes definitely can be harmful."

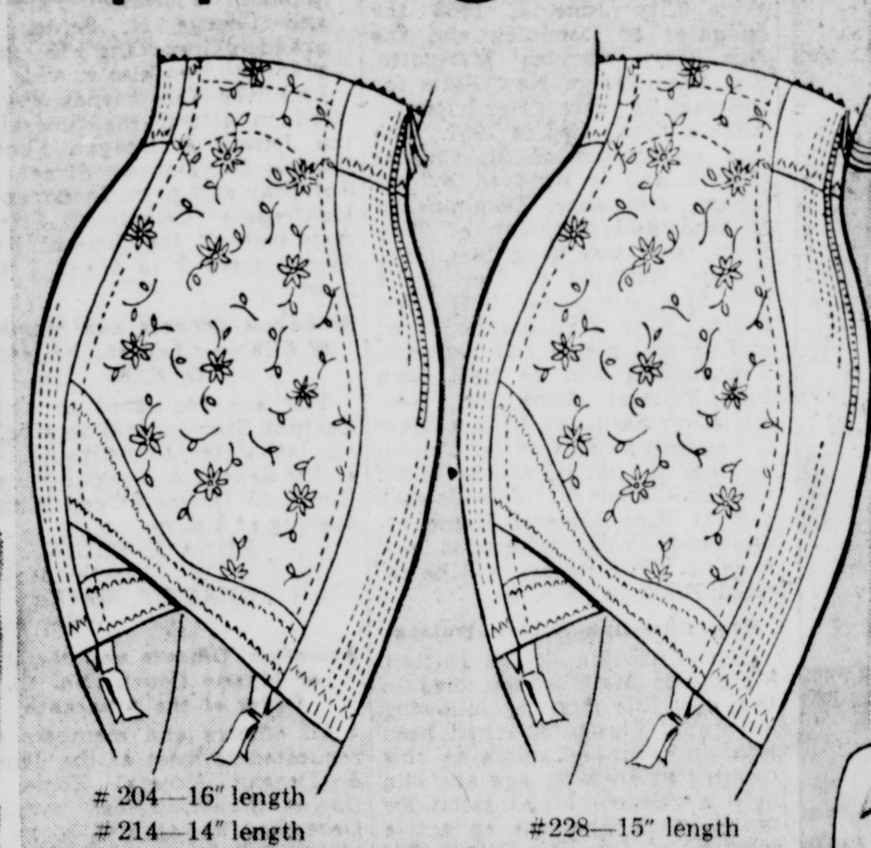

The puya, world's tallest herb, grows in abundance in the Bolivian highlands. It attains a height of 30 feet.

Former Bureau Of Claims Chief Dies Wednesday

A man who had been active for many years in musical and theatrical affairs in this area, Edward P. Ward, 73, of 97 Clifton Avenue, died Wednesday afternoon at the Kingston Hospital. He had been employed by the New York City Board of Water Supply and, at the time of his retirement, was Chief of the Bureau of Claims.

He was a member of St. Mary's Church, the Knights of Columbus, American Federation of Musicians, Local No. 215, of which he had been a past president and secretary, and a member of the Professional Engineers Association. He was also a member of the Holy Name Society and, for 40 years, had acted as an usher at St. Mary's Church.

He was a son of the late John C. and Mary Cronin Ward. He is survived by his wife, Marie Dockerty Ward. The couple would have celebrated their 52nd wedding anniversary on Jan. 20. Also surviving are four sons, John E. of Walden; Edward J. of Oakdale, Cal.; Raymond E. of Castleton-on-Hudson; Vincent N. of Massapequa, L. I.; four daughters, Mrs. Marie Brown of Freeport, L. I.; Jeanne, wife of Fien Bliss, of Oakdale, L. I.; Alice, wife of Raymond Merrill, of Millrose, Mass.; Helen, wife of Alfred Mazzoli, of Heights-town, N. J.; a sister, Miss Mary Agnes Ward of Brooklyn; 26 grandchildren and four great grandchildren.

The cortege will form at the

EDWARD P. WARD

Keyser Funeral Service Kingston Chapel, Albany and Manor Avenues, on Saturday at 9:30 a. m. and proceed to St. Mary's Church where, at 10 a. m., a Mass of requiem will be offered for the repose of his soul. Temporary burial will take place at the Wiltwyck receiving vault. Burial will be in St. Johnsville Cemetery, St. Johnsville, in the spring. Friends may call at the Kingston Chapel tonight from 7 to 9 o'clock and Friday from 2 to 4 p. m. and 7 to 9 p. m.

Ira Guldner

VAN NUYS, Calif. (AP)—Ira Guldner, 76, who retired in 1955 after 27 years as a photographer for the Los Angeles Bureau of The Associated Press, died Tuesday after a brief illness.

Envoy Assists In Coverage of Fire for Paper

SARANAC LAKE, N.Y. (AP)—An ambassador helped the Saranac Lake Daily Adirondack Enterprise cover a hotel fire in which five men were missing and presumed dead.

Roger W. Tubby, chief of the United States Mission to International Organizations at Geneva, Switzerland—joined other reporters of the Adirondack Enterprise assigned to the Hotel Marcy fire Wednesday in Lake Placid. Tubby and James Loeb are co-owners of the newspaper. Tubby is on home leave for two months. He is a former assistant secretary of State for Public Affairs and was President Truman's press secretary.

Victor L. Anfuso

NEW YORK (AP)—Victor L. Anfuso, State Supreme Court justice and a former congressman, collapsed and died last night at the Warwick Hotel. He was 61 years old.

Police said Anfuso had been attending a private meeting at the hotel. During his five terms in congress, the Brooklyn Democrat served on the House Committee on Science and Astronautics.

He was elected to the State Supreme Court in 1962 after losing his congressional seat through redistricting. Anfuso was a native of Sicily, Italy.

Local Officials

(Continued From Page 1)

12,000 persons, clustered around a central business district. The villages themselves will be separated by a total of 3,200 acres of permanent open space lands, patched with woods, lakes, golf courses and recreation areas.

Enough jobs will be provided, not only in the central business district, but also in the limited village commercial centers, for 30,000 persons, the developers predict.

Besides its share of schools and churches, Columbia will have such other features as village greens, a "galleria," or enclosed pedestrian mall in the downtown area, concert halls and theaters, a mass transit bus system, underground utilities, and housing styles, ranging from single-family ranch houses to town houses, apartment buildings and country estates.

Reston, a similar development planned by Robert E. Simon just west of Washington in the Virginia countryside, is much further along in the construction, and already has a large percentage of its anticipated 75,000 residents living on the site.

The project, too, has attracted national attention because of its "Community Center" design; a complex of commercial, cultural, recreational and housing establishments, the latter of varying styles, and all built around the arm of a man-made lake. The center is also a "pedestrian oasis," a place of broad plazas and terraces, sidewalk cafes and similar features.

The Rouse Company is receiving much of its financial support from banking and insurance con-

cerns; Simon, from the Gulf Oil Corporation.

Other large industrial firms also have entered the new cities building field in other parts of the nation—notably, the Humble Oil & Refining Company, chief domestic subsidiary of Standard Oil Company of New Jersey, which is now in the process of building a new community for 160,000 residents at Clear Lake City, near Houston, Texas.

Goodyear Tire & Rubber Corporation, Akron, Ohio, is already at work building a new city on a 13,000 acre site at Litchfield Park, Ariz., near Phoenix. It's planned for an ultimate occupancy of 75,000 to 100,000 residents.

An American-Hawaiian Steamship Company, based in New York, last August opened the first unit of its new city called Westlake Village, north of Los Angeles, with a population slated at 70,000.

In a recent Wall Street Journal article, it was pointed out that major industrial firms are interested in the new city projects because of the new markets they will create for goods and services—in addition to assuring a greater supply of labor.

In certain phases of the construction, namely low-income housing, federal aid, too, might be brought into play.

Local Death Record

Mrs. Edna L. Jessop

Mrs. Edna L. Jessop, 88, of Jessop Road, Willow, died Wednesday night at Benedictine Hospital after a long illness. Born in Willow, she was the widow of Walter Jessop who died in 1944. She was a member of the Methodist Church of Willow. Surviving are a sister, Mrs. William VanWagner of Willow, and three nephews, Roy, Kenneth and James VanWagner of Willow. Funeral services will be held Saturday at 2 p. m. from the Lasher Funeral Home Inc., Woodstock. The Rev. Mr. George Moody, pastor of the Methodist Church of Willow, and the Rev. William R. Peckham of Woodstock, will officiate. Burial will be in the Woodstock Cemetery. Friends may call at the funeral home Friday from 2-4 and 7-9 p. m.

Louis Kuntz

Louis Kuntz, 89, a resident of Ulster Park for many years, died Wednesday. Born in Germany, he had come to this country at an early age. He was well-known throughout the Hudson Valley area as the founder and operator of Golden Rule Inn in Ulster Park for many years. He had retired as operator of the inn about 25 years ago. His wife, the former Mary Greiner, died in 1960. Surviving are a daughter, Mrs. Eric Wylie, of Titusville, Fla.; a son, Oscar Kuntz, of Meriden, Conn.; four grandchildren and nine great grandchildren. The funeral will be held at the Jensen and Deegan Funeral Home, 15 Downs Street, Saturday at 11 a. m., where Mr. Carl Schwabe of the Christian Science Church will officiate. Burial will be in Montrose Cemetery. Friends may call at the funeral home Friday from 2 to 4 p. m. and 7 to 9 p. m.

Robert P. Gandil

Funeral services for Marine PFC Robert P. Gandil, husband of the former Kaye Polk of 92 Shufeldt Street, will be held from the Hennessey Funeral Home, 232 Kipp Avenue, Hasbrouck Heights, N. J., Saturday, thence to Corpus Christi Church, on the Boulevard in Hasbrouck Heights where at 10 a. m. a requiem Mass will be offered for the repose of his soul. PFC Gandil, the son of Mr. and Mrs. M. J. Rechner of Hasbrouck Heights, N. J. was killed while fighting with the First Marine Division near Da-Nang Dec. 18. He entered the Marine Corps in January and had been in Vietnam since September. He is survived by his wife, the daughter of Mr. and Mrs. William Polk of 92 Shufeldt Street, and three sisters, Mrs. Eileen Heinen, Victoria and Alice. Friends may call at the funeral home today and tomorrow from 2-5 and 7-10 p. m.

Mrs. Angelo Tozzi

Mrs. Angelo Tozzi, 60, of South Ohioville Road, New Paltz, died Wednesday at her home. She was the former Louise M. Malazotto and was born in New York City June 4, 1906 the daughter of Dominick and the late Mary Carriem Malazotto. She had lived in New Paltz for the past 32 years. Her husband, Angelo Tozzi, died in 1957. She was a member of St. Charles Church and is survived by her father, two sons, Dominick of Modena and Nicholas of New Paltz, and two daughters, Mrs. Joanne Wolfrum of New Paltz and Mrs. Mary Swift of New Paltz. Also six grandchildren and several nieces and nephews. The funeral will be held from Pine Funeral Home Inc., New Paltz, on Saturday with a Mass of requiem at St. Charles Church at 10 a. m. Burial will be in St. Charles Cemetery. Friends may call at Pine Funeral Home today and Friday afternoon and evening. The Rosary will be recited Friday at 8 p. m.

Mrs. Christina Schick Dutton

Mrs. Christina Schick Dutton, 87, of 204 Main Street, died in this city this morning following a lengthy illness. She had been born in Germany, came to this country at an early age and had been a resident of Kingston for many years. She was an active member of the Fair Street Reformed Church and of the Women's Guild of that church. She was also a member of Clinton Chapter No. 445 Order of the Eastern Star, Judea Shrine No. 12, the Mystic Court No. 62, Order of Amaranth, the Ladies Auxiliary of the United Commercial Travelers, the Ulster County Republican Club and the Golden Age Club. Her husband, William Dutton, died in 1945. Surviving are three daughters, Mrs. James (Kathryn) Merritt, Mrs. Wesley (Betty) Hyatt and Mrs. William (Florence) Parmelee, all of Kingston; a son, George H. Schick, of Kingston; 11 grandchildren and 13 great grandchildren. The funeral will be held at the Jensen and Deegan Funeral Home, 15 Downs Street, Saturday at 2 p. m. where the Rev. Edwin C. Coon, pastor of Fair Street Reformed Church, will officiate. Burial will be in Montrose Cemetery. Friends may call at the funeral home Friday from 2 to 4 p. m. and 7 to 9 p. m.

Deaths

Henry F. Schrieker

KNOX, Ind. (AP)—Henry F. Schrieker, 83, Democratic governor of Indiana from 1941-45 and 1948-53, and one of the state's best known Democrats in modern times, died Wednesday of a heart attack.

Held on Check Charge

Joseph Pucino of Spring Lake Trailer Park was picked up by Deputy Sheriffs Donald Van Aken and Robert Jordan of the sheriff's staff on a warrant charging issuance of a fraudulent check in Dutchess County. He was held in jail for arrival of Dutchess County authorities.

Miss Helen Bach

The funeral of Miss Helen Bach of 104 O'Neil Street, who died Sunday, was held Wednesday at 9:30 a. m. from the Henry J. Bruck Funeral Home, 27 Smith Avenue, thence to St. Joseph's Church where a Mass of requiem was offered for the repose of her soul by the Rev. John T. Mulligan. During the repose in the funeral home her many relatives and friends called to pay their respects. Tuesday night Father Mulligan called and led those assembled in the recitation of the Holy Rosary. Burial was in St. Mary's Cemetery where Father Mulligan gave the final blessing.

Mrs. Louis J. Tozzi

Mrs. Louis J. Tozzi, of Modena, died Wednesday in Kingston Hospital after a long illness. She was the former Marie Donahue, daughter of the late Richard Donahue and Mrs. Ellen Hartney Donahue. She was born in Gardiner, April 1, 1911 and was a life-long resident of the area. Her husband, Louis J. Tozzi, died Oct. 30, 1966. She was a member of St. Charles Church, Gardiner. She is survived by her mother, two daughters, Eileen and Marion Tozzi, both of Modena, and a sister, Miss Mary Donahue. Also, several nieces and nephews. The funeral will be held from Pine Funeral Home Inc., New Paltz on Saturday with a Mass of requiem at 10 a. m. in St. Charles Church. Burial will be in St. Charles Cemetery. Friends may call at Pine Funeral Home today and Friday afternoon and evening. The Rosary will be recited at 8 p. m. Friday.

Ambulance Report

Fatum's Ambulance Service reported today that drivers for the firm were called out on three separate occasions during the late afternoon and early evening Wednesday. Answering a 3:45 p. m. call to the home of Edward P. Ward, 97 Clifton Avenue, drivers found Ward had suffered a seizure in the driveway of his residence. Taken to Kingston Hospital and administered oxygen along the way, he was pronounced dead on arrival. At 6 p. m., attendants were summoned to take Roy Decker, of 177 Green Street, to Kingston Hospital, after he apparently fell from the railroad trestle on Wilbur Avenue. Later, Raymond Dugan, of 291 First Avenue, Newburgh, was taken to Kingston Hospital at 7:33 p. m. for treatment of injuries received when he was apparently beaten and robbed on North Front Street.

9 p. m. — Woodstock Alcoholics Anonymous, Overlook Methodist Church.

Reporter Ranks Top Film News

By BOB THOMAS

AP Movie-Television Writer
HOLLYWOOD (AP) — This has been another year of change for Hollywood, with long-familiar faces vanishing from the local scene and new corporate structures appearing.
Tragedy and romance made the movie-world headlines in 1966. Of equal and perhaps more lasting importance were the immense changes taking place in the power structure — mergers, sellouts, etc. These developments appeared to strengthen the financial condition of the film industry, but the results will not be known until well into 1967.

Here is how Hollywood news ranked from the view of this reporter:

1. The death of Walt Disney. The passing of the movie wizard was a shock to the entire world, his influence having been felt as much as any man's during this century.
2. Ronald Reagan's election as governor of California. Although the candidate soft-pedaled his movie background, the issue of an actor's qualifications for public office was stressed throughout the campaign by his opposition, eventually to no avail.
3. The George Hamilton-Lyn-

da Bird Johnson romance. The dating of a president's daughter and a movie actor provided reams of copy for newspapers and magazines.

4. Corporate changes. The shift of power was demonstrated by Gulf and Western's purchase of Paramount. United Artists' merger with Transamerica. Jack L. Warner's sellout to Seven Arts. Two other major companies faced problems: Columbia with the purchase of a bloc of stock by the Banque de Paris; MGM with a threatened proxy fight.

5. Frank Sinatra's marriage. The 50-year-old swinger and Mia Farrow, 21-year-old star of the soap opera "Peyton Place," provided the wedding of the year.

6. New film czar. The motion picture producers finally found a man to succeed the late Eric Johnston as head of their association. Jack Valenti, former White House aide, took over his new post with vigorous leadership.

7. The Oscars. There was general approval of the Academy Awards to Lee Marvin ("Cat Ballou") and Julie Christie ("Darling") as best starring performers and "The Sound of Music" as best film.

8. The deaths of Buster Keaton and Hedda Hopper. Coming within a few hours of each other, their deaths seemed to signal the passing of the old Hollywood generation. Other notable deaths: Ed Wynn, Herbert J. Yates, Clifton Webb, Francis X. Bushman.

9. The murder of Mrs. Mickey Rooney. Her death at the hands of an obscure Yugoslavian actor and his subsequent suicide provided a shocking news story.
10. Shoplifting charge against Hedy Lamarr. The onetime "Ecstasy" girl was accused of taking \$86 worth of merchandise from a local department store. A jury acquitted her.

Crash Kills 2 Men Near Jamestown

KENNEDY, N.Y. (AP)—Two men were killed early today when their automobile and a tractor-trailer truck collided on icy Route 17 in this community east of Jamestown.
The victims were identified as Charles T. Ream, 22, of Jamestown, the driver, and Howard F. Coe, 36, of Falconer. The truck driver, Wendall Jackett, 31, of Duke Center, Pa., escaped injury.
Ream lived at 28 B Shirley Lane.
Coe's address was 121 E. Elmwood Ave.

Hints from Heloise

by Heloise Cruse

Dear Heloise:

Here's the way I cook bacon and it's the BEST:
After laying it out in a cold skillet, I put a round wire grate or rack upside down on top of the bacon.

These grates can be found in a dime or hardware store and don't cost very much.

Be sure that the fire is low and the bacon is cooked slowly. I find it gets done without any turning at all.

When done, I just lift out the grate with a fork or kitchen forceps... and then the bacon. There's nothing to it.

Helen Lutonski
Well, well, well, something new every day!

I used the grate from my Dutch oven for this. All I did was turn it upside down. It's a dilly of an idea. The little wire rack also keeps the bacon from shrinking and curling. Even small cake racks should work fine.

Bless you always, Helen.
Heloise

I covered the carton with adhesive-backed paper left from my cupboards, and is very attractive.
Mrs. Lorraine DeRose

Dear Heloise:
Here is a hint most everyone can use (even a man living alone):
For years I have mended those tiny holes in clothing made by cigarette burns, and this is the best way I have found:

First, lay the burned or torn place in the clothing on a flat surface. Take a pencil with sharp point and make a pattern of the hole on a piece of paper.

Then cut a small piece of cloth (matching stripes or plaids) from seam allowance on leg or back of men's pants or other clothing. Cut a patch using the pattern you have made.

By placing a piece of iron on tape under the hole, you can fit the patch exactly to any design, matching it perfectly. All that is left to do is press the patch in place with your iron.

Mrs. K. L. P.

Dear Ladies:

I just realized that I married a real brain!

My husband writes nearly all of the checks at our house so it was the end of January last year before I had occasion to write one. I started to fill in the date and noticed that he had already filled in the year on about 20 of the checks.

By the time we had written

that many checks we were used to the idea that it was a new year! 1967 will soon be here and I wonder how many of us will still write 1966.
Heloise

Dear Heloise:
Did you know that if you stuff wet shoes with crumpled newspaper that the newspaper would absorb most of the moisture?
Mary Hill

Dear Heloise:
A neat way to use mouth wash is to sterilize any plastic squeeze bottle with mouth wash, then pour the mouth wash into it.

When needed, just a squeeze or two will squirt the right amount of mouth wash so convenient. I just know all your other readers will love to try it and find it useful.
V. E. C.

Dear Heloise:
Now for my discovery!

I suffer from arthritis and have a hard time getting the "dead skin" off the bottoms of my feet. I can't reach them so I decided to try a strip of nylon net, and it's the answer to my problems. I loop the strip of net under my foot and pull back and forth — just like shining shoes. I also use the net on my upper arms. But don't rub too hard or there won't be any skin left.
Grandma

Or, the Lack of It in Jakarta

Even Critics Agree With Sukarno on Order Question

By T. JEFF WILLIAMS

JAKARTA, Indonesia (AP)—President Sukarno recently grumbled to a palace guest: "What is all this talk of new order and old order? There is no order in Indonesia."

Even Sukarno's sharpest critics tend to agree with the 65-year-old president's summation of the confused political scene. The question of order in this huge Southeast Asian nation is constantly voiced by political leaders and emphasized in headlines.

Few Know Answers

But few can say what it really means.

Sukarno is judged by the government now in power to be the supreme representative of the old order, meaning the previous Communist-influenced government.

The new order is meant to be the anti-Sukarno students and those in step with the present leadership.

But as some political veterans here note with a wry smile, this is at least the third new order of Indonesia. Every new government that comes along under Sukarno calls itself the new order.

Sukarno, who has seen a host of new cabinets during his stormy reign, has grandly ignored all this. He is, as he recently proclaimed, the original order.

Strange Power Struggle

The talk of order—and disorder—points up the strange power struggle.

Indonesia is led by two men who smile fondly at each other in public but are privately

fighting desperately to gain firm control.

On one side, President Sukarno is fighting for his own political life.

On the other side is army strong man, Gen. Suharto, leader of the group seeking to remove Sukarno's influence and even Sukarno himself if possible.

Removing Sukarno, who is still revered by millions of Indonesians as their great revolutionary leader, is not easily done.

Some diplomatic and Indonesian sources believe Suharto might have removed Sukarno seven months ago without too much difficulty.

Now they believe Sukarno has managed to marshal more support. More importantly, he is playing one force against the other with enough success to keep his opposition off balance. Many men in influential positions owe their jobs to Sukarno and he doesn't let them forget it. Many more are sitting on the fence to see which way the ball bounces.

But the campaign against Sukarno, which slackened noticeably during the past two months, is gaining momentum again.

Estimate \$42,000

Cost to Fence Off Junkyards

An estimated \$42,000 is the expected cost of planting of trees, shrubs and the installation of combination chain link and wooden fencing to screen six automobile junkyards along State highways in Ulster and Columbia Counties.

The amount was listed this week by J. Burch McMorran, State superintendent of public works, who gave details of 13 highway projects for which bids will be opened Jan. 26, 1967.

The work in Ulster and Columbia Counties will be carried out under the highway beautification program and will be performed within State right of way.

The locations in Ulster County are on Route 32 near Bloomington in the Town of Rosendale and on Route 28 just west of its intersection with Route 209 west of the City of Kingston.

The tabernacle was the center of worship of the Israelites during early Biblical times.

Mohawk Is Denied Restricted Trip

WASHINGTON (AP) — Mohawk Airlines has been denied permission to service Jamestown, N.Y., and New York City on the same flight, the Civil Aeronautics Board announced Wednesday.

The CAB said Allegheny Airlines had opposed Mohawk's request that it be restricted to one round trip daily between Jamestown and Kennedy International Airport in New York.

Allegheny has Jamestown - New York City flights via Newark Airport.

The board said it rejected Mohawk's request to avoid unnecessary competition between two federally subsidized airlines.

Project Poultry, Pork Chops Best Buys This Week

By DAVE SMITH

AP Business News Writer

NEW YORK (AP) — There's plenty of everything this week, but pork chops or poultry may be your best food buy as the new year opens.

Beef and pork are available in good quantity and variety in most parts of the country, with round and chuck roasts being good buys this week.

Best Bargains

But pork products are probably the best bargains. A major supermarket chain in the East cut prices on pork chops by 30 cents a pound in the post-Christmas lull. Bacon, pork roasts and hams are in plentiful supply and on special in many stores.

If the family isn't sick of Christmas turkey, poultry is still a good buy. The same Eastern chain trimmed fryer prices by 4 cents a pound. Egg prices also were lower.

Vegetables in good supply around the country include cabbage, carrots, celery, lettuce, onions, potatoes and tomatoes. Abundant fruits are apples, grapefruit, oranges and pears.

Wholesale food prices that dropped this past week included flour, wheat, corn, oats, ham, lard, butter, cheese, tea and potatoes.

Lamb, Veal Attractive

In the Northeast, lamb and veal are available at attractive prices over the New Year's weekend.

Fresh fruit and vegetable values are noticeably limited in the Midwest, but shoppers should continue to find a wide choice of red meats.

Fresh vegetables are the big buy in the Southwest and lower Rocky Mountain markets as large supplies moved in from the West and Florida.

In the Far West, chickens, fruits and vegetables are in best supply.

Thompson Named By Howard Johnson

NEW YORK — R. Donald Thompson Jr. has been appointed Northeast district manager of Howard Johnson's Grocery Products Division, it was announced by Fred A. Hahn, vice-president and general manager.

Thompson will handle New England and upper New York State sales of frozen and canned foods and packaged ice cream to food brokers for retailing in supermarkets and groceries.

Thompson attended Bentley School of Accounting and Quincy Junior College. He joined the company in 1956 and was formerly district manager for ice cream sales in Southern New England.

He lives with his wife Carol and three children at 55 Bromfield Street, Wollaston, Mass.

Ingersoll Buys Pottstown Paper; Is Freeman Head

Ralph Ingersoll, president of The Kingston Daily Freeman, has purchased the Pottstown, Pa. Daily News Publishing Co., publishers of the Pottstown Mercury, the Associated Press reported today.

Ingersoll acquired 100 per cent of the stock of The Freeman on Nov. 10 this year on behalf of the Mid-Hudson Publishing Inc., a New York corporation.

Announcement of today's purchase was made by Ingersoll and William M. Heister, publisher of the Mercury, who founded the paper in 1931. Ingersoll, according to the AP report, also is president of the Central States Publishing Inc.

Ingersoll, who also is president of the company which earlier this month purchased a group of six Philadelphia suburban weeklies, bought all the common stock of the Pottstown Publishing Company from Heister, who will remain in an advisory capacity.

Central States is publisher of the Delaware County Times in Chester, Pa., and also is associated with corporations in publishing the Trentonian, Trenton, N.J.; the Daily Journal, Elizabeth, N.J.; the Daily Times, Pawtucket, R.I.; and the Shenandoah (Pa.) Herald, as well as other daily and weekly publications.

The Mercury, a morning newspaper, lists a circulation of 24,757.

William B. Sweetland, Chester, Pa., vice president of Central States and publisher of the Delaware County Times, will be associated with Ingersoll in the Pottstown operation, the announcement said.

Call 21 Cases

In County Court

Twenty-one criminal cases were called before County Judge Raymond J. Mino at a session of County Court Wednesday afternoon. Several of the defendants were arraigned and entered pleas of innocent.

In many cases counsel asked for a bill of particulars setting forth information as the crime charged. These cases were adjourned to a future date to allow time to serve the requested bills.

Under an abbreviated form of indictment which is now permitted by law, details of the crime charged are not defined or specified. When the charge against a defendant is read in court it has become customary for counsel to move for a bill of particulars setting forth more detail as to time, place and conditions surrounding the alleged crime. This bill of particulars must be supplied by the district attorney.

Assistant District Attorney James H. Fisher moved for dismissal of one indictment, The People vs. Timothy John Cooper, abandonment of a child. Granted.

Several of the cases were placed on the "ready" calendar for trial when reached.

In many of the cases where innocent pleas were entered, the case was put over until a future date.

Court recessed until 10 a. m. today.

Detection Tests At Hospitals Used To Protect Youth

OUTLINE TESTING PROGRAM — The Hospital Pediatrics Tuberculin Testing Program, a project co-sponsored by the Ulster County TB and Health Association, recently was outlined for participants and Ulster County people. Shown at a recent TB Association session are left to right: Dr. Frederic W. Holcomb Sr., Honorary Chairman of the 1966 Ulster County Christmas Seal Campaign; John M. Robbins, President of the TB and Health Association; Sister Lucy of Nursing Services, Benedictine Hospital; and Miss Mary Finger, Assistant Administrator, Kingston Hospital. Both hospitals share in the Tuberculin Testing Program. Also present but not pictured were: Miss Rosemary Pellegrino, Director of Nursing, Kingston Hospital and Miss Mary Keating of the faculty, Benedictine Hospital. (Photo Workshop Photo)

Changes Indicated After Ambulance

(Continued From Page 1b)

safeguards for the public are contained in the new code being prepared by the State Health Department. Officials in Albany claim the Code spells out in detail the requirements of the state's new licensing law for profit-making ambulance services which takes effect Jan. 1, 1967.

Attending the Albany meeting were, Assemblyman Kenneth L. Wilson, Assemblyman Perry B. Duryea Jr., and counsel Fred Ames; Supervisor William R. West of Woodstock; Dr. Andrew C. Fleck, associate commissioner for Community Health Services in Ulster, Dutchess, Greene counties and Binghamton.

Dr. Hollis S. Ingraham, State health commissioner, said today, "The law, and this Code which will guide us in administering it, will help ensure that medical emergency services of high quality are available throughout the state." The law was passed unanimously by both houses of the 1966 Legislature.

Recently operators of professional ambulance services in the area were considering the possibility of discontinuing service because of the requirements set forth in the new law, and after yesterday's meeting with state officials it appeared doubtful that all would continue operations, unless the law is amended after the next session of the Legislature.

Revisions Expected

Gilbert E. Gray, president of the HVAA, said that revisions are expected to be made by the state in the new Code which would change the equipment requirements and lower the age limit for ambulance attendants from 21 to 18 years. He noted that all rescue squads and undertakers operating invalid coaches

be exempted under the new law. Gray also explained that training requirements for ambulance operators and attendants will remain the same as specified in the Code.

It was indicated at the Albany session that if area ambulance operators covered by the law pay the \$100 annual fee per company a year might be allowed to fully comply with the new Code, which ambulance service owners contend is unfair and impractical.

Not Optimistic

Clifton Jones, operator of the Saugerties Ambulance, was not over optimistic about the possibilities of changes in the Code. He said the new law should be equal and include all ambulance operators. Jones further said he is sure that all rescue squads want to conform with the law.

Jones, who is secretary of the HVAA, said the State officials indicated that a review of the new law would be made and contended that state officials at yesterday's meeting agreed to "only a few concessions."

Again, Jones urged, the public should communicate with their legislators and urge them to amend the law in its present form relating to ambulance services. He said that in his opinion the state regulations should be set up by locality and not have one law governing the entire state.

Supervisor West told of efforts to organize a rescue squad in his township, and noted that the town has to depend on the ambulance services offered by operators in Saugerties and Kingston.

Sees Public Bearing Cost

An ambulance operator hinted that the equipment required on ambulances under the new legislation would be so expensive that the public using the services would have to "stand the brunt of it" and fees necessarily would have to be increased.

Gilbert Gray, operator of Doctors Ambulance, noted today that some people have the wrong impression of objections to the new code. "We have no complaint with rescue squads," he said. "We are very fortunate to have rescue squads such as the West Hurley unit which is one of the best in the state. What we want is to set up a plan that will permit us to operate efficiently and to the best of our ability for the welfare of the public."

Gray, who was elected president of the HVAA at a meeting last week, complimented Assemblyman Wilson, Dr. Fleck and Attorney Ames for "their cooperation" at the Albany session. He quoted Dr. Fleck as saying, "Our goal is to preserve existing ambulance services and improve them. We are not out to put any out of business."

Gray said the state will grant waivers on equipment requirements to all who apply so that ambulance service may continue without interruption. He noted that all ambulance operators must file for a state license to operate after Jan. 1.

In a release today from Dr. Ingraham's office, it was pointed out that the new Ambulance Code was drafted in cooperation with a specially formed State Advisory Committee on Ambulance Services, a panel representing the various organizations concerned with ambulances. The final draft was reviewed by the committee on Dec. 1 and is expected to be promulgated by Commissioner Ingraham shortly.

A spokesman for the HVAA contends that the law should be amended to conform with requirements set forth by physicians, hospitals and others familiar with the immediate needs for equipment on ambulances.

Some Are Exempt

Under the new law non-profit ambulance services such as those provided by fire departments, hospitals and rescue squads are exempt. Such services, health department surveys show, are "of generally high quality."

Dr. Ingraham's office contends that the Ambulance Code and the State Sanitary Code recognize a category of transportation for the disabled called "invalid coach" service. In general, invalid coach service is restricted to non-emergency cases.

"The Tuberculin Testing programs, which are functioning in the pediatrics departments of our three hospitals in Ulster County, represents one of the methods by which we cooperate to develop a workable method of protecting our youth from tuberculosis infection and to find infection and eliminate its source."

In making this statement, John M. Robbins, president of the Ulster County TB Association referred to the carefully developed programs of testing at the hospitals which is now directly supported by the Ulster County Christmas Seal Fund of the TB group.

Dr. Frederic W. Holcomb Sr., Association President, emeritus and honorary chairman of the 1966 Ulster County Christmas Seal Campaign, pointed out these TB detection tests for hospitalized youngsters were developed by the TB Association and hospital administrators and key personnel, and that the TB Testing Times were provided directly out of the Christmas Seal Community Service Program. "We believe it is most important for our Ulster County people to know that some of their Christmas Seal dollars go directly into this vital child health program," Dr. Holcomb noted, "and we feel that they are interested in what is being done."

Programs Now Established

The Tuberculin Testing Programs now co-sponsored by the TB-RD Christmas Seal group include those functioning at the Kingston Hospital and Benedictine Hospital, Kingston; and at the Ellenville Community Hospital, Ellenville. Robert Johnson, TB Association Executive Director, pointed out that the Pediatrics Tuberculin Testing Program was established in 1963 at the Benedictine Hospital; 1964 at the Ellenville Hospital, and more recently at the Kingston Hospital. The program was developed at Benedictine Hospital with Sister Mary Charles, administrator and Sister Henrietta, associate director of Nursing. Subsequent review and development of the Tuberculin Testing Program have been conducted at the Kingston Hospital with hospital administrator Robert Schnitzer, Miss Mary Finger, assistant administrator and Miss Rosemary Pellegrino, R.N., director of Nursing; and with Ewald Bors-Koefoed, administrator at the Ellenville Community Hospital.

The program, as proposed by the TB group to key hospital officials, was in each instance presented to the Medical Staff at each of the three hospitals, and upon Medical acceptance, was fully instituted.

Co-sponsored Testing

The Tuberculin Tests are administered to the children admitted to the Pediatrics Departments at the three hospitals under the supervision of the supervising nurse. The Times used for the test are provided by the TB Association which also supplies each hospital with the monthly report sheet on which the tests and results are recorded. At the TB Christmas Seal office, these reports are consolidated to monthly analysis sheets which are then condensed at the end of the testing year. Johnson pointed out that early in 1967, the Association's Medical Advisory Committee will review and evaluate these records and the total effectiveness of the program, and conclusions will be reported also to each of the participating hospitals.

"During 1966," Johnson concluded, "our Christmas Seal Fund directly has provided \$50,000 to the hospital Testing Program, and has processed the Testing Program records from all three institutions. As an on-going program, this project will be evaluated, and represents a basis of testing which we will now further extend. The development of Tuberculin Testing now will be considered as a testing program and will be developed in keeping with the recent guidelines toward a fully effective Tuberculin Testing Program in Ulster County."

Break-In at Restaurant

Police are investigating a second break-in reported in less than one week at Ray's Riverside Restaurant, Ferry Street. Police said a "small amount" of cash and some whiskey was taken sometime during the nighttime hours. The first break-in was reported during the morning of Dec. 23.

Individuals not requiring emergency care in transit.

Exception for Some

However, an exception is made in the Sanitary Code for cities and towns of under 20,000 population according to the latest census. In these smaller communities, invalid coaches may respond to calls at accidents, calamities or other emergencies. This provision will allow the smaller areas to continue to be served by funeral directors, who often are the only providers of such transportation.

In cities and towns of more than 20,000 population, invalid coaches may be operated only by a registered ambulance service. Ambulance service operators covered by the new law will be issued permits upon payment of a \$100 annual fee per company and complying with the Code. They are required to maintain specified equipment, employ properly trained personnel and file an application defining by city or town the geographic area they will serve.

Others in Attendance

Area ambulance service operators attending the Albany session in addition to Gray and Jones were: Francis F. Fiumi, of Fiumi's Ambulance; Eugene B. Cornley, of Cornley's Ambulance; Phoenicia J. James, of Phoenicia Ambulance; Poughkeepsie; Donald DePuy of Don's Ambulance, Rosendale, and representatives of Cairo and Binghamton ambulance units.

Financial and Commercial

NEW YORK (AP) — The stock market declined again early today as hopes for a year-end rally went glimmering.

It was the third straight day of retreat in a week which is usually one of general advance. Losses of fractions to 1 or 2 points were scattered throughout the list of leading issues.

The market fell from the session continued. IBM lost 1/4, Polaroid about 1 1/2.

Down about a point were New York Central, American Airlines and United Air Lines. American Telephone and Standard Oil (New Jersey) eased. U. S. Steel was steady and most other steels gained a trifle. General Motors was unchanged in a narrowly mixed auto group.

Douglas Aircraft gained about a point, Chrysler lost 1/4 at 31 1/2 on a block of 11,800 shares.

Montgomery Ward rose 1/4 to 20 1/2 on 10,000 shares.

Opening blocks included: American Telephone, off 1/4 at 53 1/2 on 8,900 shares; Ford, unchanged at 29 1/2 on 7,000; and Bethlehem, unchanged at 30 on 3,000.

Wednesday The Associated Press average of 60 stocks fell 1.6 to 293.7. Prices were generally lower today on the American Stock Exchange. Changes were fractional.

Quotations by Wood, Walker & Company, members of the New York Stock Exchange, 63 Wall Street, New York City branch office, 52 Main Street, Lowell 5 Brooks manager.

Mercury Lifts . . .

(Continued From Page 1)

were credited by area authorities as the reason for lack of serious highway accidents in the county. State Police Sergeant Henry Ganss of the Thruway detail said Debra Wolfe, 32, of Suffern, escaped injury yesterday when her car slid in slush and struck guard rails about six miles north of Kingston interchange.

Police Kept Busy

Traffic accidents in Kingston, nearly all blamed on weather conditions, kept city police occupied throughout Wednesday—day and night. None, however, appeared caused by the overnight snow.

The only apparent injury in the city accidents occurred about 5:30 p. m. on Broadway near Dederick when Anthony Van Gonsic, 61, of 27 Madison Avenue was in his car, halted for a red light. The auto was struck from the rear by a vehicle operated by James A. Jaffon, 18, of 132 O'Reilly Street. Police said Van Gonsic suffered a neck injury. They said the Jaffon car apparently was unable to stop due to the icy conditions.

One other injury reported to police, with no autos involved, came when Miss Angela Castle, 17, of 48 Clinton Avenue, suffered a broken collarbone as she slipped on ice while crossing Stuyvesant Street. She was treated and released from Kingston Hospital.

Scattered Mishaps

Other traffic accidents handled by patrolmen were scattered both in time and location. The first was at 9 a. m., Wednesday when a skidding accident occurred as a car operated by Joseph Petros, 3 South Road, Tillson, was stopped for a traffic signal at Broadway and Henry Street. His car was struck by a vehicle operated by Mary Patricia Gagan, 21, of 7 Montrose Street, Saugerties.

At 9:30 a. m., on Cedar Street near a bowling lanes, auto operated by Kenneth Rowe, 62 Appletree Street, Saugerties, and George Matthews, 66, of 80 Washington Avenue, were damaged when both skidded on ice. Patrolman Patrick J. Colbert investigated.

The patrolman was called to another accident about 4:30 p. m. when a car operated by Thomas M. Dwyer, 17, of 21 Linwood Place skidded on ice and collided with a car operated by Rosemary Bilyou, 30, of 168 Fairview Avenue, stopped for a traffic signal at the intersection of Wall and Main Streets.

About one hour later, at the Park Drive on Broadway, cars operated by William Brady, 53, of 100 O'Neil Street and Rosalie M. Boland, 27, of Allaben, collided as the Brady car was exiting from the diner's parking lot.

Horn Unheeded

The remaining two accidents included one involving cars operated by William Mayhew Jr., 19, of 51 Lawrenceville Street and Mrs. Norman Serinsky, 33 Griffon Drive, Rolling Meadows. Police said Mrs. Serinsky was backing out of a private drive near Hemlock Street when Mayhew, driving downhill, sounded his horn as a warning. Police said the horn went unheeded and the two cars collided.

Also investigated, at the intersection of Abel and Wilbur, was the collision of a parked car owned by Douglas Struber, Kingston Route 5 and another vehicle operated by Alan Schwartz, 26, of Eddyville. Schwartz told police the two cars collided when he attempted to stop but could not do so.

Pennsy Agency Hits at Illegal Hay Shipments

HARRISBURG, Pa. (AP)—The Pennsylvania Department of Agriculture says it has begun a crackdown on illegal shipments of hay from quarantined areas into the state, and as a result, three Ohio truck drivers have been arrested.

The three drivers, Lowell L. Farmer and Orville R. Ward, both of Hanover, and Ole Desgrange of Leipsic, were charged under Pennsylvania's plant pest act with violating a quarantine.

Henry F. Nixon, director of the Bureau of Plant Industry, said Wednesday that large areas in Ohio, Michigan and Indiana were under quarantine because they had been infested with cereal leaf beetles. The quarantine prohibits shipment of hay and grain from these areas to non-infested areas unless the shipments are fumigated.

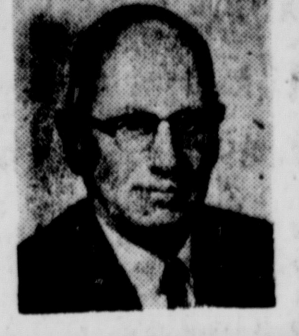

Nixon said quarantine regulations provide that untreated shipments may be seized and destroyed at the expense of the shipper. However, because of a shortage, the shipments were turned back to Ohio to be fumigated.

Arrests of the truck drivers were made by State Police co-operating with agriculture officials in Pennsylvania, Ohio and Washington, D.C.

Desgrange was arraigned before Justice of the Peace Regis Welsh of Allison Park, Allegheny County, and fined \$100. Farmer and Ward are scheduled for hearings Jan. 4 before Justice of the Peace Ross Keefe of Enon Valley, Beaver County.

SUCCESSFUL INVESTING...

by ROGER E. SPEAR
Investment Advisor & Analyst
Switch Cement Stock
For Faster Recovery

Q "About a year and a half ago, my mother was persuaded to invest \$6,000 in General Portland Cement. She bought it at 14 and it is now down to nine. She is told that if she holds long enough it will pay off handsomely, but that it may take five to ten years. Should she hold for recovery or try to sell for what is worth?" J.G.

A I am sorry that your mother was so poorly advised. The cement, as a group, have been in a downturn for many years due to overcapacity and a resultant squeeze on profit margins. Her company is well managed and operates in a growth area, but it has been unable to buck the industry trend. Dividends have been reduced in each of the past two years and I believe that present payments will be covered by a rather narrow margin in 1966. The yield of 8 1/2 per cent on the shares indicates doubt as to the safety of the current dividend. I don't believe your mother should gamble on the problematic comeback of her stock. I advise her to switch it into low-priced Suburban Gas, which yields a relatively secure six per cent and has a long pattern of rising earnings and dividends.

Q "My shares include Firestone, Georgia-Pacific, IBM, Dow Chemical, Avon Product, Trans-America, Royal Dutch, RCA and Gulf Oil. I plan to retire in four years. Should I make any changes?" A.R.

A You have an excellent list and I advise you to stick with it, at least until you retire. At that time you probably will want to switch some of your growth holdings into income producing issues in order to supplement your Social Security benefits and pension. I would make just one change now. Royal Dutch has only average prospects, and since you have no utility representation, I suggest a switch into Texas Utilities.

Mr. Spear cannot answer all mail personally but will answer all questions possible in his column. (Copr. T-M, 1966 Gen.Fea.Corp.)

Hungary Frees U. S. Woman, in Smuggling Try

BUDAPEST, Hungary (AP) — Hungarian authorities today released Janet V. Lemme, 25, an American from Seattle, Wash., on completion of a six-month sentence for helping her husband in an attempt to smuggle his sister and brother-in-law out of Hungary. The U.S. Embassy announced today.

Mrs. Lemme's husband, Volker Busso Lemme, 29, a Canadian citizen, is scheduled to remain in prison until Feb. 28.

U.S. Consul Clifford H. Gross was reported driving Mrs. Lemme to the Austrian frontier. U.S. Sen Henry M. Jackson, D-Wash., announced a week ago that she would fly from Frankfurt to Vancouver, B.C., and arrive there Friday night.

Mrs. Lemme and her husband were arrested last June 29. The prosecution charged that they aided his relatives, East Germans named Birke and Kurt Wankewitz, with Canadian passports in which counterfeit Hungarian exit visas were entered. Hungarian guards arrested all four at the Yugoslav border.

Two County Men Hurt in Mishap At East Fishkill

Four construction workers, including two Ulster County men were injured Wednesday while working on a project at Interstate Route 84 at Hosner Mountain Road, Town of East Fishkill.

Fishkill State Police said the injured were, Raymond Miller, 54, of Napanoch, who suffered a fractured left leg; Benjamin Lievre, 52, of Springtown Road, Tillson, who sustained a fractured left leg, and John Nealek, 47, of Red Oaks Mill Road, Poughkeepsie, who received lacerations to the forehead. They were taken to Vassar Hospital by Sloper-Willen ambulance.

A fourth workman, Arthur Jones, 52, of Town and Country Apartments, Poughkeepsie, was treated at St. Francis Hospital for contusions.

According to troopers, the men were preparing to move air lines and six-inch pipes in 40-foot sections, when a workman removed a pin from a line which he thought had been shut off. The line was operating with an air pressure of 100-pounds per square foot, and as it gave way the pipe whipped around and hit the four workmen.

The injured men are employed by Slattery Construction Co., contractors for the project.

Two Hurt in Crash

Two persons were injured shortly before 11:30 a. m. today, when their car skidded on Leggs Mills Road, Lake Katrine, and struck a tree. Anthony A. Aulizio, 75, Main Street, Lake Katrine, and his wife, Lina, 71, were taken to Benedictine Hospital by Doctor's Ambulance.

Both suffered head injuries. Kingston state police are investigating.

The jellyfish, being 95 per cent water, is so transparent that you can see the food inside its stomach.

May we take this opportunity to express our most sincere & heartfelt thanks to all the wonderful people who made our first year a most pleasant & successful one.

Honor Schirick At Court House, Leaving Bench

A brief commemorative observance honoring Harry E. Schirick, Justice of the Supreme Court, was held Tuesday at the court house in Kingston. The occasion for this observance was a tribute to Judge Schirick upon the occasion of his retirement as a Justice of the Supreme Court of the State of New York.

Presiding was Justice Louis G. Bruhn, a fellow justice and long time colleague and friend of Judge Schirick and appearing on behalf of the Ulster County Bar Association was its president, George A. Beck. Attending in addition to members of the Bar of Ulster County, was the entire trial jury panel for the December term of Supreme Court.

One of Ablest: Beck

In his comments, Beck observed that Judge Schirick was retiring very simply because, having attained his 76th birthday, the law dictated such retirement. Beck said, "One must question the wisdom of such a law, as you must have this term, having observed a man 76 years of age who is as able, active and as vigorous as is Judge Schirick . . . he will live in our memories and in yours, I am sure, as one of the ablest jurists ever to participate on the local scene and judicial circles. We will miss him. I am sure you will . . . To Judge Schirick, may we wish a very happy and healthy retirement."

Justice Bruhn's remarks on the retirement of Judge Schirick were:

"I concur in what Mr. Beck has just said, because it has been my good fortune to have known Justice Schirick for a considerable period of time, particularly that period of time when he was on this bench.

Will Be Missed: Bruhn

"I learned to recognize and praise him for his outstanding and exceptional judicial manner and temperament. We of the bench and bar who have known Judge Schirick and his work are going to sorely miss this intense gentleman. Those of you who were able to observe, who participated in cases that he presided over, saw this drive that has constantly characterized the completion and the fulfillment of his judicial assignments even up to this very month.

"By the way, he has attained age 76. We hope that God will give him continued good health and wisdom, and that his talents and experience will still be utilized to the better administration of our judicial system for a long time to come.

"When we adjourn this term of court, I want the minutes to show that we do so in commemoration of the many years of good and faithful judicial service that Judge Schirick had rendered to this judicial district.

"I hope that God will bless him.

"I also direct that a copy of these minutes be sent to Justice Schirick."

It is understood that Judge Schirick's services will continue to be utilized in a judicial capacity after his retirement as a Referee.

Killed in Crash

ROCHESTER, N.Y. (AP)—John Mayer, 39, of nearby Spencerport, was killed Wednesday when his automobile struck a tree along Ozerden Center Road in suburban Ozerden.

He lived at 109 Harwood Road.

There are about 260,000 people living on the Fiji Islands.

Avert Greyhound Line Bus Strike When Pact Signed

CLEVELAND, Ohio (AP) — A threatened bus strike that could have snarled plans for an estimated 500,000 holiday travelers was averted Wednesday night with the signing of a tentative labor agreement for the Greyhound Bus Lines' eastern division.

Some 5,500 drivers, terminal and maintenance employees who are members of the Amalgamated Transit Union will vote by mail on the new pact. The union turned down a previous agreement by a 2-1 margin.

The vote on the latest agreement is expected to be completed in three weeks.

Details of the agreement were not disclosed pending the membership vote, but E. C. Nichols, labor relations director for Eastern Greyhound, called it

"an honorable contract for both sides."

Peter Nevitt, vice president of industrial relations for Eastern Greyhound, said the two-year contract is retroactive to Oct. 31.

The agreement was reached after a federal mediator entered the dispute.

Negotiations between company and union had been broken off Tuesday in Chicago, and the union set its strike date. The talks resumed here Wednesday.

Greyhound had offered a package it said would provide wage increases amounting to just over five per cent in each year of the contract. The current average pay for drivers was given as \$9,600, but Greyhound said some drivers make \$12,500.

Greyhound's eastern division includes parts of Indiana, Illinois, Ohio and all of New York, New Jersey, Michigan, Pennsylvania, Maryland, Delaware, Massachusetts, Rhode Island, Maine, Vermont, New Hampshire, Connecticut and the District of Columbia.

Airlift Starts From Cuba to U.S.

MERIDA, Mexico (AP) — An airlift to bring 880 Americans and 1,820 of their relatives from Cuba to the United States was under way today via Mexico after years of negotiations and delays.

89 in First Group

The first group of 89 persons arrived at Merida Wednesday aboard a Mexican DC6 plane and expected to fly to New Orleans today aboard a chartered American plane.

Two more planeloads were expected from Havana today.

Most of the Americans are persons of Latin descent and longtime residence in Cuba who decided to remain there after Fidel Castro took over. When relations between Castro and the United States grew steadily worse and they began trying to get out, they were prevented from leaving.

The flights had been expected to begin three months ago after negotiations by the Swiss ambassador at Havana, who represents U.S. interests there, but Castro vetoed the Swiss efforts.

At the end of September, President Johnson reportedly asked Mexican President Gustavo Diaz Ordaz for help, and the Mexican ambassador in Havana, Fernando Pamanes Escobedo, interceded with Castro.

Castro agreed to the airlift on condition that the Americans not leave Cuba on U.S. planes and that their departure not be

associated with the Cuban refugee airlift to Miami.

It was stipulated that Mexican planes would take the Americans out of Havana to Merida, in Mexico's Yucatan. New Orleans, rather than Miami, was chosen as the arrival point in the United States.

Mum on Conditions

The agreement was viewed in Havana as an attempt by the Cuban government to ease strained relations with Mexico resulting from Mexico's contention that the Cuban Embassy in Mexico City was coordinating throughout Latin America.

The first arrivals in Merida spent the night at a motel near the airport and refused to discuss conditions in Cuba with newsmen.

Propose \$12.7 M Program to Aid Nursing Students

ALBANY, N.Y. (AP) — The State Board of Regents has proposed a \$12.7 million program aimed at making it financially easier to become a nurse, thereby alleviating a growing shortage in that profession.

In a report issued Wednesday, the regents, governing body of all education in New York State, proposed cash grants of \$250 to \$1,000 to all persons preparing for a career as a registered nurse.

Cost \$5.6 Million

The proposal, which would replace the state's present 600 scholarships a year, would cost an estimated \$5.6 million annually.

In addition, the regents offered proposals that would:

—Expand the state graduate fellowship program for students preparing for teaching and administration from 30 to 200, with a maximum of \$2,500 a year for each fellowship. The program would cost \$200,000 the first year and \$400,000 in ensuing years.

—Provide for state contracts with private schools offering baccalaureate nursing programs to permit financial assistance for expanded enrollment. The cost was estimated at \$340,000 for the first year.

—Permit state financial assistance to nursing hospitals offering diplomas to nursing students. The annual cost was estimated as \$5 million.

—Assist guidance counselors in making known career opportunities in nursing.

—Set up special programs for inactive nurses who wish to return to practice. Estimated to cost \$1.5 million annually.

—Establish a center in New York City to assist foreigners in obtaining nursing licenses.

The regents submitted copies of the recommendation to Gov. Rockefeller and members of the Legislature.

The board noted that the need for nurses already exceeds the supply and the shortage will continue in the years ahead.

Gets More Revenue

MONTPELIER, Vt. (AP) — Green Mountain park in Pownall should have no handicap in winning more revenue from pari-mutuel bettors next year.

A legislative council study group Wednesday approved a new formula for splitting the profit from the pari-mutuel pool that will mean an additional \$300,000 a year for the track.

At the same time, Gov. Philip H. Hoff said he hopes U.S. Route 7 can be expanded into four lanes near the track to make the park more easily reached.

Vermont collects \$1.9 million a year in levies from the track.

First known production of alcohol by distillation occurred in a German monastery in the 12th century.

Study Proving Cigarette Really Is 'Coffin Nail'

"Resolved, that I will stop smoking cigarettes, so that thereby I may decrease the risk of dying prematurely from heart attack."

Mid-Hudson Heart Association of Columbia, Greene, and Ulster Counties proposed this New Year's resolution for the nation's estimated 67 million cigarette smokers, emphasizing that avoidance of cigarettes is a key factor in its program to reduce the risk of heart attack.

Could Cut Death Rate

Predicting its view on a long-term study at Framingham, Mass., which indicated that elimination of cigarette smoking among persons aged 30-60 could cut their estimated heart attack death rate by 40 per cent, the Association said.

"If Framingham's experience is typical of the nation—and we

have substantial reason to believe that it is—then elimination of smoking could mean 40,000 fewer heart attack deaths among Americans in this age group yearly."

The Association pointed out that the death rate from coronary artery disease decreases

Winner Writes Again

NEW YORK (AP) — Frank Gilroy, winner of the Pulitzer Prize with his first Broadway exhibit, "The Subject Was Roses," has another drama ready for 1967 production, "That Summer — That Fall," which Gilroy describes as a modern version of the Phaedra-Hippolytus legend, to be directed by Ulu Grosbard and produced by Edgar Lansbury, both of whom similarly participated in "Roses."

rapidly among those who give up smoking, after a period of years approaching that of people who have never smoked.

Other Aides

Other activities that can be carried out to reduce the risk of heart attack, it was noted, include maintenance of normal weight, ingestion of less saturated fats and fewer cholesterol-rich foods, moderate, regular exercise, and cooperation with one's physician to control any high blood pressure that may be detected during the course of a regular physical checkup.

"We also encourage the non-smoker to make a New Year's resolution never to take his or her first puff from a cigarette, and we believe that parents and teachers are well-advised to acquaint young people with the perils of cigarette smoking," the statement continued.

CLAIMS NEPHEW'S BODY—John Campos, a field farm hand from Marysville, Calif., arrives at the Army Presidio at San Francisco where he presented baptismal proof of his relationship to Sgt. Richard Campos, an orphan killed in action in Vietnam. The uncle claimed the body which has lain for two weeks in a metal container at Oakland Army Terminal pending location of next of kin. The uncle was discovered by a reporter in a shabby Sacramento, Calif., hotel. (AP Wirephoto)

Bentley Is Now Colonic Manager, Shop-Rite Store

Don Bentley, former manager of the Kingston Shop-Rite store, has been named manager of Albany Shop-Rite which opened recently in Colonie, adjacent to Colonie Center.

The Shop-Rite store is the first "flat top" supermarket built by Big V.

It is the eighth owned and operated by Big V Supermarkets Inc. of Florida, N. Y.

In addition to the Kingston store, other Shop-Rite markets are located in Vails Gate, Middletown, Poughkeepsie, Peekskill and Port Ewen. A Wappingers Falls store is under construction and will be opened in 1967.

Rochester Man Dies

FULTON, N.Y. (AP)—Morris Altman, 58, of Rochester, died Wednesday in Lee Memorial Hospital of injuries received Dec. 23 when the car in which he was riding and an Oswego County road sander collided on Route 14.

State Police said Altman had been hitchhiking. The driver of the car was injured slightly.

SAUGERTIES NEWS

Report Reveals 21 Males Jailed Here in 1966

Warren A. Harding, New York State Commission of Correction inspector, has submitted a report of inspection of the village lockup in Saugerties. With Mayor Cornelius Cox and Acting Chief of Police Gordon Keeley, the local lockup was inspected last Nov. 9. The official report of inspection includes the following information:

The new single cell used for village detentions is located in the basement of the brick municipal building, five steps below grade level of the main floor of the police headquarters. Entrance to the cell area is through a door leading from the police office lobby.

The floor, walls and ceiling of the cell are constructed of cement with an open bar front. A barred swinging door with a heavy steel slide bolt mounted on a steel plate, is secured with a padlock. The cell equipment consists of a vitreous toilet and lavatory and a wooden bunk. Blankets are available.

Artificial illumination is provided to the areas by a lightly screened light bulb protruding from the ceiling outside of the cell.

At the time of inspection, the water to the sanitary facilities was turned off and it was reported that the flush button of the toilet was not operating properly. It is recommended that repairs be made immediately, especially in view of the fact that this is the only available cell.

The detention records were examined and found satisfactory with the proper recording of required supervisory visits entered thereon. They also revealed that there were 21 male detentions during the current year. A matron is available on a call basis and any female requiring detention is arraigned and brought immediately to the county jail under her supervision.

Arrangements for the provision of food for prisoners held over a meal hour and the availability of a physician, if necessary, conform to Commission regulations.

The only recommendation made in the report is that the necessary repairs to the sanitary fixtures be made.

New C of C Head Says Town Needs Growth, People

Albert V. Conte, who will take over the helm as president of Saugerties Area Chamber of Commerce on Jan. 1, has called for an enlarged membership of the organization and major promotion efforts to bring new people and new employment opportunities to Saugerties to insure the town's future growth.

Conte's suggestions are included in an open letter to citizens of Saugerties, which follows in its entirety.

"As the new Chamber of Commerce president, I write this open letter inviting all professional and business people who are not presently members of Saugerties Area Chamber of Commerce to come and join with us to make a truly worthwhile Chamber of Commerce. I also invite all members to reactivate themselves and let's ask ourselves what do we want."

"Do you want an active, aggressive, imaginative, representative group to represent the Saugerties area? I am sure you do. We have a great place to live and work in but are not promoting it enough. Your Chamber of Commerce should be a topflight promoter. We need new people and new employment opportunities. Some opportunities exist now. Some jobs are available but certain technical skills are lacking and do not seem to be available from the present population. This town has grown fairly well in the last six to eight years, but it needs to grow some more."

"The Chamber of Commerce can help but it needs more active, interested members to pour forth ideas, effort and imagination. It also needs to know where error lies and correct it. Join with us and help. We meet the third Tuesday of the month at the basement of Saugerties Savings Bank, Market Street. The next meeting is Jan. 17, 1967."

Memory Lights Donors

The following is a continued list of those remembered by the persons also mentioned by placing light bulbs on Memory Trees of Saugerties Society of Little Gardens on the corner of Market Street and Ulster Avenue, at Ellen Russell Finger Home and C. A. Lynch Home Company, Hill Street.

In memory of Mrs. Elizabeth Snyder and Raymond Scheffel by Bertha Scheffel; Herbert Pratt and E. Leslie Fellows by Viola Fellows; Thomas Francis McKenney and John C. Sauer by Silvia and Gary McKenney; Edward C. Baltz by his family; Mrs. Clarence Hill and Mrs. Henry Auer by Morgan and Hazel Curtis.

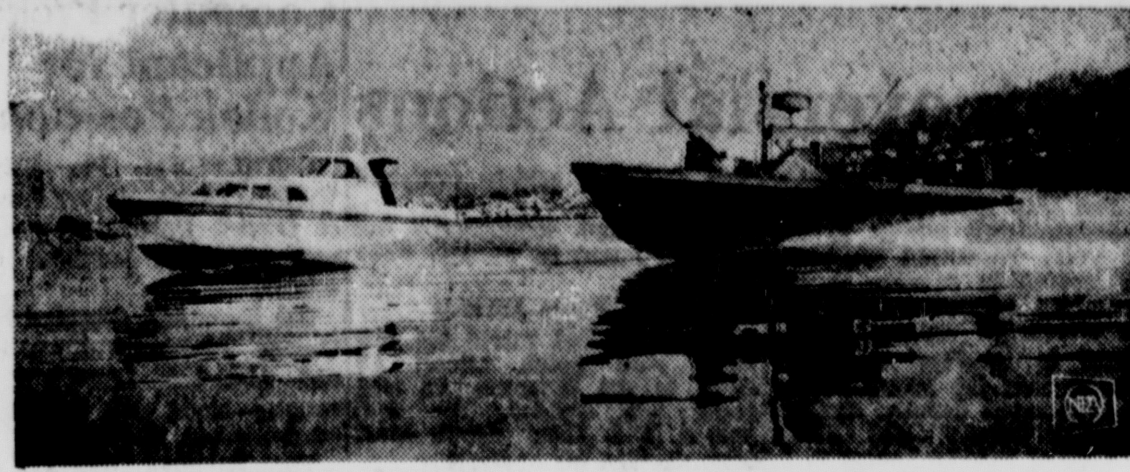

Saugerties Society of Little Gardens thanks all those who helped to make these memory trees so attractive by donating memory lights.

Town Notes

Public Affairs Department of Woman's Club of Saugerties will meet Tuesday, Jan. 3 at 8 p. m., 11 Esopus Drive, Saugerties, with Mayor Cornelius Cox of Saugerties as the evening's guest. Any member interested in attending should phone Mrs. Joseph Sullivan, chairman of Public Affairs Department.

Volunteers of Lamouree Hackett Post 72, American Legion Auxiliary, are needed to help in the kitchen this Friday and Saturday evenings for the Legion's New Year's party and dance Saturday night.

E. Fich Jr., who heads Ever-ready Beverage Distributors, Inc., at Centerville, Town of Saugerties, has announced that his firm has been appointed exclusive distributor of Krueger Pilsner beer for the areas covered by Ulster and Greene Counties. The exclusive contract was given to Fich and the local company by the G. Krueger Brewing Company, a national organization.

BOATS ARE BEING DRAFTED for war use by the U.S. Navy, for river patrol action in Vietnam. The same 31-foot glass fiber hull used in pleasure boats is converted to military purposes, and can travel at high speeds through swamp water as shallow as 16 inches. The hulls are easily maintained and repaired after combat. Here a patrol boat scoots after its sister ship, a 31-foot pleasure cruiser.

Business Mirror Reflections

Jury Still Out on Fed's Controversial Actions

By JOHN CUNIFF
AP Business News Analyst
NEW YORK (AP) — The Federal Reserve now has begun to lift the pressure on banks to conserve rather than lend, thus making for historical purposes a neat one-year package with a beginning and an ending.

In between were some of the most controversial, tumultuous months in the Fed's 53-year history.

Clamp Grew Tighter

It was just one year ago this

month that the Fed raised the discount rate to 4½ per cent to slow what it felt was a growing tendency to inflation. As the year wore on, the clamp drew tighter.

This week the Fed said credit conditions had changed. While maintaining a general attitude of restraint, it revoked a Sept. 1 directive ordering banks to cut sharply their loans to business.

The Fed had been relaxing the restraints in its daily operations. This, however, was the first public acknowledgement of a change in attitude.

It is still too early to say that the Fed was right or wrong on its controversial moves of the past year. Historians must review events in relation to the decade, for the Fed's moves will have effects for years to come.

There is growing sentiment, however, that the Reserve's action to dampen demand through restricting money and credit had a lot of wisdom behind it.

The Fed first began to express concern about economic trends in 1965. William McChesney Martin, chairman, made comparisons between 1929 and

1965 and was widely criticized for doing so. He persisted, suggesting a tax increase might be needed. None came.

When the Fed raised the discount rate which affects all loans in the economy, its own house was divided. The vote was 4 to 3. Even Martin must have doubted his analysis.

Thereafter the Fed displayed imagination, innovation and possibly error, for some bankers claim it subsequently came down too hard, forcing up interest rates and almost precipitating a money panic.

Not only was it split within; the Fed was chastised by other federal agencies and was at odds with President Johnson. The President felt the economy was in order.

Some critics blamed it for threatening an end to the longest "peacetime" boom in the nation's history. But the Fed maintained the boom was out of hand, that we were trying to spend more than we could produce.

What made the Fed act as it did? Simply stated, it considered demand too great. It had these signs: inflation, labor shortages, plant capacity that was near its limit, growing debt.

How did it get into such a historic controversy? Perhaps merely because of its responsibility to its goals. Its original responsibility was price stability, as stated explicitly in the Federal Reserve Act of 1913.

The Fed's role has since become more complex. To the simple goal of price stability now has been added a national policy of full employment, rapid economic growth, and more recently a complex balance-of-payments situation.

By its nature the Fed tends to accent price stability. The administration perhaps puts the emphasis on full employment. These goals are not necessarily at odds. Sometimes, however, the improvement in one area must temporarily be sacrificed for stability in another.

Milinowski Dies,
Has Area Survivor

NORWALK, Conn. (AP) — Funeral service will be held here today for Arthur S. Milinowski, of Larchmont, N.Y., a civil engineer who died at a local hospital Wednesday.

Milinowski, 83, was a Harvard classmate of the late President D. Roosevelt.

He practiced as a civil engineer in St. Paul, Minn. and New York City.

He is survived by a son, Arthur, of Poughkeepsie, N.Y., and four grandchildren.

Delaware only has three counties.

Computer Picks
Applicant for
Kodak Position

BETHLEHEM, Pa. (AP) — William Dixon, a law graduate of Cornell University, owes his new job to a computer called GRAD.

The computer, operated by the College Placement Council Inc., had absorbed Dixon's college resume—along with thousands of other college students.

The Eastman Kodak Co. of Rochester, N.Y. was searching for a new employee and submitted the job requirements to GRAD. Within minutes the computer scanned its memory bank and selected 22 persons closely fitting the company's qualifications.

GRAD went through the same procedure in the eventual selection of a former Army engineer, Herbert Peterson, for another post with Kodak.

Dixon and Peterson were the first two college graduates actually placed with the aid of the computer, Robert Herrick, executive director of the placement council said Wednesday.

The service is free to all college graduates.

Dixon said he "was very surprised" when asked how he reacted to being hired with the help of an electronic device.

Peterson said the big advantage of such a system "is that it puts your qualifications in front of an amazing number and variety of employers."

Prospective employers can request their job specifications by wire or mail.

The 13 stars of the first U.S. flag were arranged in a circle so that no state could claim precedence over another.

Given Painting

BOSTON (AP) — The Boston Museum of Fine Arts has received "The Street Singer" by

Edward Manet. The painting, valued at \$800,000, was given under terms of the will of the late Mrs. J. Montgomery Sears of Boston.

Not So Hot

The sun, pound for pound, produces less heat than the human body. Its huge size accounts for its enormous production of heat.

KINGSTON CABLEVISION

Notice of Service Interruption

On Thursday and Friday, December 28 and 29, between 6 a. m. and 6 p. m., weather permitting, we will be making tests on our distribution cables in order to maintain and improve the quality of the Cablevision system. We regret that it will be necessary to interrupt service intermittently on the entire system for these tests, but request your understanding that this procedure is for your future viewing pleasure. We will attempt to confine these service interruptions to the morning hours and to keep them as brief as possible.

Further interruptions will be necessary during the next few months. Where practicable prior notification will be made in advertisements in the Kingston Daily Freeman and on our Sports Roundup program on WKNY daily at 6:15 p. m.

Cites Extremes

Tells of Future
Adventures on
Moon's Surface

WASHINGTON (AP) — A Harvard astronomer today forecast good-sized expeditions of earthmen to the moon in 10 to 15 years — with the adventurers tapping their drinking water from the lunar rocks and planting the first lunar gardens.

But he said they'll have to be equipped to do their daytime ranging up to that of boiling water. And he said if they venture from their shelters at night to check on their moon-plants, they'll have to have "pretty heavy red flannel underwear" to withstand temperatures some 240 degrees below zero.

Gives the Word

That's the word from Dr. Donald Menzel of the Harvard Observatory who also told reporters at the 133rd meeting of the American Association for the Advancement of Science: When the explorers run out of food they might bring from the earth, they'll conceivably be able to diet not only on their cultivated moon-plants but on such delicacies as "a form of sand flea that reportedly tastes like shrimp when ground up."

He said the Army Quartermaster Corps is experimenting with various forms of vegetative and animal life — such as molds, bacteria and the sand fleas — which theoretically might be cultivated in the virtually airless, near-vacuum conditions of the moon's surface.

Have No Doubts

Menzel said recent evidence, such as the pictures taken by the American Orbiter satellites, erases any doubt that the lunar surface "has the strength to support vehicles, manned landings and explorations."

The Harvard astronomer, one of a panel of space scientists discussing the latest knowledge of the moon's surface and interior at the big science meeting, told a news conference: "I think it's possible that some of the rocks on the moon contain what we call water of crystallization." And, if so, there's a real possibility for man — about 10 to 15 years from now — to have the moon.

Strict Federal Laws

Doubt N. Y. Lottery
Would Go National

WASHINGTON (AP) — If and when New York State's proposed lottery gets into operation, it is unlikely to become a national institution like the great Louisiana lottery of the 19th century.

Or, if it does, it will be the result of sub rosa activity.

The reason: Federal law is now tough on the interstate promotion of lotteries. It places strict curbs on the dissemination of lottery news by radio, television or newspapers.

In the Nov. 8 election, New York State voters gave over-

whelming approval to a proposal that the state operate a lottery to help finance education. The 1967 Legislature will face the question of just how to carry out the idea.

Lotteries span many hundreds of years of history, from the drawing of prizes by lot during festivals put on by Roman emperors, down to the Irish Sweepstakes of today. The latter is legal only in Ireland but residents of 147 countries buy more than \$40 million worth of tickets annually.

In this country, the Louisiana lottery created a stir in the post-Civil War era. Promoters engaged famous names to act as front men. For a while, the Confederate ex-general, Pierre Gustave Toutant Beauregard, held the post of manager.

As one federal authority on gambling puts it: "This lottery became a frankenstein monster, the real power in the state of Louisiana, with very undesirable results." The lottery closed down in 1894.

Diminishing Returns

Seventy years elapsed before another state, New Hampshire, tried a lottery. This one, based on horse races and with the profits earmarked for education, has been operating since 1964, with diminishing returns.

The take thus far: 1964, \$5.73 million; 1965, \$3.9 million; 1966, \$3.86 million. In the second year of the lottery an additional \$617,000 was provided by a federal gambling tax refund.

The amount distributed to the schools was: 1964, \$2.7 million; 1965, \$2.5 million (including the tax refund); 1966, \$1.85 million.

However, the lottery seemingly remains popular with New Hampshire voters. At the November 1966 election, 83.6 per cent of them favored sales of the tickets in their communities.

Federal authorities have held off somewhat on all-out enforcement of federal law against the New Hampshire lottery.

For example, the Concord Daily Monitor said in 1965 that despite the mail ban, the sweepstakes commission had mailed promotion material around the state in an effort to stimulate lagging ticket sales.

A Justice Department spokesman said at that time that, although the lottery had been a matter of concern to the department from its inception, the state "has made good faith efforts to keep the operation within its own borders and has successfully kept out the racketeering interests."

"As a result," this official added, "the department has action against solely intra state operations."

Out-States Help
Many out-of-staters touring New Hampshire buy lottery tickets.

In a dissent to the recent Supreme Court decision, Justice Potter Stewart said he did not believe Congress intended to brand as felons "many or most

Dear Abby . . .

Ring Doesn't 'Make' a Marriage

Abigail Van Buren

DEAR ABBY: I have been married for only 2 months and already I am writing to DEAR ABBY. First let me say that I couldn't ask for a sweeter, more wonderful husband, but he has one fault. He's an early bird! Abby, if I don't get my eight hours sleep, the next day I'm a disrag. My husband can get along nicely on four or five hours.

If we go to sleep at midnight, Old Bright Eyes is up at the crack of dawn like a rooster at 4:30 a. m. He showers, bangs the pots and pans around while he fixes himself breakfast. Then the odor of coffee perking and bacon and eggs frying wafts into the bedroom, and who can sleep?

Abby, he doesn't have to be at work until 8 a. m. and we live only 15 minutes from his office, so what's his big hurry? Please don't tell me it's a wife's duty to get up when her husband does. Any other advice will be appreciated.

SLEEPING BEAUTY
DEAR "BEAUTY": Since there is no reason for Old Bright Eyes to get up at that hour, he should keep the racket down so you can sleep. Otherwise, ear plugs for your ears, and a clothespin for your nose is the word from here.

DEAR ABBY: Frank and I were married at a doubling ceremony, but Frank never seemed to enjoy wearing his ring much. He lost three wedding bands in 6 months. Then the finger on which he wore the wedding band broke out in tiny water blisters. He blamed it on the ring, so I went to a skin doctor with him.

The doctor said it could be due to a metal allergy, so he taped Frank's wedding ring to his leg. The ring didn't bother his leg at all, but his finger healed up! Why then, Abby, would a man who has been married only 14 months, and claims

to love his wife, be ashamed to wear a wedding ring and let the world know that he is married?

FRANK'S WIFE
DEAR WIFE: Don't assume that your husband is "ashamed" to let the world know that he is married just because he does not want to wear a wedding ring. As long as he acts married, he doesn't need the label. Accept him as he is.

DEAR ABBY: An interested question came up in your column: Are men and boys cleaner than women and girls?

For whatever this is worth, I have been a custodian in a public school for many years, and I have found that the boys use about three times as much soap and paper towels as the girls.

PASSAIC, N. J.

DEAR ABBY: Are men cleaner than women? I know it's a dangerous generalization, but after renting out rooms for over 35 years, I can tell you that I would much rather rent to a man than a woman.

I am not saying that ALL men are cleaner than ALL women, but I would much rather clean up after an untidy man than an untidy woman. Women tend to run to extremes.

If a woman is neat, she is very, very neat, but if she is sloppy, she is dirtier than a pig.

SEEN BOTH

Troubled? Write to Abby, Box 69700, Los Angeles, Calif. 90069. For a personal reply include a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1.00 to Abby, Box 69700, Los Angeles, Calif. 90069.

Says News Guild
Still Talks Pact

"In reply to Harry Thayer's editorial of the air, broadcast over a local radio station today, I would like to say that the Kingston Newspaper Guild, Local 180 of the American Newspaper Guild, is currently in contract negotiations with the management of The Kingston Daily Freeman and have been since April, 1966."

The Guild and only the Guild is in negotiations at this time and we hope to settle with the new owners of The Daily Freeman in the very near future. Every avenue of settlement will be explored in the hopes that an equitable and amicable agreement can be reached.

This was the statement, issued today, by Robert L. Bain, president of the Kingston Newspaper Guild.

Bruff Olin Dies,
Ex-Area Radioman

SARASOTA, Fla. (AP) — A former Poughkeepsie, N.Y., radio official, Bruff Ware Olin Jr., died at a local hospital Wednesday.

Olin, 52, moved from Worcester, Mass., to Sarasota 14 years ago. He was born in Grand Rapids, Mich.

Survivors include his widow, Elizabeth, of Sarasota, and two daughters, Mrs. Richard K. Hallton, Burbank, Calif., and Mrs. Eugene P. DePatie of San Diego, Calif.

Services will be held here Friday.

Of the thousands of visitors to New Hampshire who have purchased sweepstakes tickets there.

The impact of the court decision, however, was mostly directed at persons who enter New Hampshire to buy tickets for other nonresidents.

The decision dealt with transportation of lottery receipts, but a winner need not present any receipt to claim his prize. The receipts could be used, however, by agents to prove to their friends or clients that they in fact purchased tickets as requested.

Residents of 41 states and seven foreign countries have won prizes in the New Hampshire lottery.

Some federal officials say the problem of trying to confine a lottery to New York State would be enormous compared to seeking to limit it to a state like New Hampshire, with its comparatively small population.

While proponents of a state lottery system say it would promote education and divert millions of dollars from the underworld, opponents are worried about its effect on the moral and social fabric, including parents who would buy lottery tickets instead of shoes for the children.

Estimates of income from the proposed New York State lottery range from \$100 million to \$500 million a year.

Element May Be Final Break

Peking Blast Could
Be Enough to Push
Kremlin-Viet RoleBy WILLIAM L. RYAN
AP Special Correspondent

China has exploded another nuclear device and thrown yet another bomb into the rubble of Soviet-Chinese relations.

As much as any other one factor, atomic weaponry has contributed liberally to worsening relations between the two Communist giants and may yet be the element which makes the break complete and final.

With the latest explosion — Red China's fifth and its third this year — Peking issued a propaganda blast which said the success of these tests "is a heavy blow to U.S. imperialism and Soviet modern revisionism, which have been collaborating in a vain attempt to enforce their nuclear monopoly and sabotage the revolutionary struggles of all oppressed people and oppressed nations."

With each Red Chinese explosion Soviet nervousness has increased. This explosion could be enough to push the Kremlin into a more active role in seeking peace in Vietnam, despite avowals from Moscow that the Soviet

leaders will take no such initiative unless specifically asked by the North Vietnamese.

Moscow appears now to see in China's nuclear club membership a real threat of nuclear weapons spreading to other countries and of a world situation developing beyond the control of the two major nuclear powers.

Peking has vowed again and again to "break the nuclear monopoly" of the Soviets and the Americans, and has given the impression that it believes the more nations that get the bomb, the better. The official Peking People's Daily said recently that Red China "will never be party to the so-called nuclear nonproliferation treaty to deprive non-nuclear countries of their rights and injure the interests of the world's people."

As China grows more confident, Moscow grows more jittery. The danger is far closer to the U.S.S.R. than to the Western Hemisphere. And China, denied Soviet help since 1958 in the nuclear weapons field, grows more belligerent toward the Soviet leaders with each successful test.

Jacobs-Harris Nuptials Are Announced

MRS. ROBERT B. HARRIS

(Photo Workshop)

On December 25, 1966 at 6 p. m., marriage vows were exchanged by Arlene Judith Jacobs of Kingston and Robert B. Harris of Trenton, N. J., in a double ring ceremony in Congregation Ahavath Israel, 100 Lucas Avenue, this city. The bride is the daughter of Mr. and Mrs. Larry Jacobs of 215 Ten Broeck Avenue, this city, and the bridegroom is the son of Mrs. Herman Harris of Trenton and the late Herman Harris. Rabbi Harry Z. Scheetman of Congregation Ahavath Israel officiated at the wedding, the first to be held in the newly constructed Temple. He was assisted by the bride's father, White gladioli, carnations and pompons decorated the canopy under which the couple took their vows.

Given in marriage by her parents, the bride wore a gown of silk peau de soie with court train outlined with Alencon lace. A crown of aurora crystals and seed pearls held her triple tiered veil of silk illusion and she carried a cascade of white miniature carnations with roses and a white orchid center.

The bride's sister-in-law Mrs. Sheilla Jacobs of Kingston served as matron of honor in an emerald green silk gown accented with beading and floral appliques. She carried a cascade of yellow miniature carnations and roses. Dianne Levine Katz of Great Neck, N.Y. served as an attendant in a mint green silk chiffon gown with appliques of moss green lace. She carried a nosegay of yellow miniature carnations and roses.

The bride's niece, Andrea Faith Jacobs, served as flower girl in a pink and white dotted Swiss dress. She carried a basket with white rose petals.

Steven Harris of Trenton, N.J. was best man for his brother. Ushers were Dr. Henry P. Jacobs of Kingston, the bridegroom's brother-in-law; Fred Schragger, Bruce Schragger, Bruce Lopatin of Trenton, cousins of the bridegroom; another cousin, Richard Gahes of Lakewood, N. J., and Lee Vegotsky of Trenton, N.J. Approximately 190 guests were entertained at a reception in the social hall of the new synagogue.

The bride is a graduate of Kingston High School, attended University of Buffalo and was graduated from State University College at Oneonta with a B.S. in education. She is a teacher on the staff of the Chambers School in Kingston.

Mr. Harris was graduated from Pennington Preparatory School and attended the University of Bridgeport. He is employed by Sterling Optical Company in Poughkeepsie.

When Mr. and Mrs. Harris return from a wedding trip to Jamaica, West Indies, they will reside in Colonial Garden Apartments, Poughkeepsie, N. Y.

Betrothals Are Announced Here for Area Residents

PATRICIA M. SICKLER

In traditional fashion, the festive holiday season has given rise to several area engagement announcements. The following have been released to The Freeman.

Mr. and Mrs. Robert J. Sickler of 16 Hunter Street, Kingston, announce the engagement of their daughter Patricia Marie, to Theodore DeGraff, son of Mrs. Vanda DeGraff of 31 Third Avenue, Kingston, and Samuel DeGraff of Saugerties.

Miss Sickler is a senior at Kingston High School. No date has been set for the wedding.

Mr. and Mrs. William Robert James of 9 Glen Oaks Avenue, Summit, N. J., announce the engagement of their daughter Elizabeth Anne, to Frank Hilton Skidmore Jr., son of Mr. and Mrs. Frank Hilton Skidmore of Kingston.

ELIZABETH A. JAMES

Miss James is an alumna of Summit High School and Bucknell University where she was elected to membership in Theta Alpha Phi National Dramatics Honor Society. She is Employee Publications Assistant at CIBA Corporation in Summit.

Mr. Skidmore served with Army Intelligence in Europe for three years. He will be graduated from Bucknell in January and will begin studies for his masters at the University.

A summer wedding is planned.

Mr. and Mrs. George Woolsey, 8 Christopher Avenue, Highland, N. Y., announce the engagement of their daughter Lynn Carol, to Frank Passante Jr., son of Mr. and Mrs. John Passante of Ulster Park.

LYNN CAROL WOOLSEY

Miss Woolsey, a 1966 alumna of Highland High School is employed as a secretary by Kahn-Lampell Insurance Agency of Poughkeepsie.

Mr. Passante, a 1964 graduate of Highland High School, owns and operates Mirror Lake Lodge and Trailer Park. He is also attending State University College at New Paltz.

Wedding plans are incomplete.

Mrs. Alfred Petrick of Scarsdale, N. Y., formerly of Melvin Drive, Kingston, announces the engagement of her daughter Suzanne, to John J. Lewis, son of Mr. and Mrs. John Vedder of Kingston.

SUZANNE PETRICK

Miss Petrick, a 1965 graduate of Kingston High School, is a sophomore at Park College, Parkville, Mo. Her father was the late Alfred Petrick of Mt. Vernon, N. Y.

Mr. Lewis was graduated from Kingston High School, Class of 1963, and Ulster County Community College. He is employed by the Ulster County Savings Bank and is continuing his studies in banking.

No date has been set for the wedding.

Marlene Carpino Takes Marriage Vows With Saugerties Resident, Albert Hrdlicka

MRS. ALBERT FRANK HRDLICKA

(Ideal photo)

Miss Marlene Elaine Carpino, daughter of Mr. and Mrs. Charles Harris of Saugerties, the bridegroom's niece. She carried a muf of pink carnations and her gown was similar to that worn by the attendants.

Robert Francello of West Camp, N. Y., was best man and ushering were John Carpino of Glasco, N. Y. brother of the bride; John Sangi, Glasco, cousin of the bride; and Fred Francello of Glasco, Master John Carpino, the bride's nephew, was ringbearer.

Approximately 170 guests were received at a reception given in The Flamingo, Saugerties.

Mr. and Mrs. Hrdlicka are graduates of Saugerties High School. Mrs. Hrdlicka is an alumna also of Dutchess Community College and is employed by IBM as a secretary. Her husband is attending Union College and is a member of Sigma Chi fraternity.

Mr. and Mrs. Hrdlicka will reside in Saugerties.

The flower girl was Christine Harris of Saugerties, the bridegroom's niece. She carried a muf of pink carnations and her gown was similar to that worn by the attendants.

Robert Francello of West Camp, N. Y., was best man and ushering were John Carpino of Glasco, N. Y. brother of the bride; John Sangi, Glasco, cousin of the bride; and Fred Francello of Glasco, Master John Carpino, the bride's nephew, was ringbearer.

Approximately 170 guests were received at a reception given in The Flamingo, Saugerties.

Mr. and Mrs. Hrdlicka are graduates of Saugerties High School. Mrs. Hrdlicka is an alumna also of Dutchess Community College and is employed by IBM as a secretary. Her husband is attending Union College and is a member of Sigma Chi fraternity.

Mr. and Mrs. Hrdlicka will reside in Saugerties.

The Mature Parent

By MURIEL LAWRENCE
Newspaper Enterprise Assn.

DEAR MRS. LAWRENCE: My husband has to threaten our 12-year-old boy with punishment to get him to do his Saturday morning chore. This is cleaning up the garage while his father is washing the car. But the boy either delays getting at the job as long as he can or finds excuses to try and get out of it. I think we should offer to pay him to do it. After all, the Bible says that the "laborer is worthy of his hire." Do you agree with me?

ANSWER: No, I don't. One's child is not one's hired handy man. He is a person who lives with us, shares our lives and our bounty.

And he is also entitled to share, turn by turn, interesting chores with us as well as the dull ones. Thus, my suggestion is that your husband undertake to clean the garage next Saturday while his son washes the car. Indeed, I urge him to continue to alternate these two jobs with the boy.

He's not going to do it, of course. Very few of us can accept the notion that children are as entitled as we are to interesting chores.

Most of us are absolutely convinced that we're the only people competent enough to perform the interesting chores — the washing of cars, the ordering and cooking of meals. It's a very convenient conviction inasmuch as these are the chores which, by displaying our competence, gain us admiration. So, of course, we assign the menial, unimpressive jobs to the children.

In our minds, they are the inferior creatures fit only to prepare the garage for our beautiful, washed, polished car, the scullions fit only to scrub the pots in which we have cooked our delicious, admired scalloped potatoes and roast lamb.

So, O.K. That's how it is with us.

Nevertheless, it is my obligation to say that children's techniques for ducking menial meaningless, scullion chores are techniques for saying "You blind, big, self-righteous creatures, I am growing up. I am almost as competent as you are at making cars shine and at making roast lamb."

It's my obligation to say it, not because I love children so much but because of our self-centeredness loses them to us. It loses them to us by forcing us to become dictatorial, threateners of punishment at refusals to clean garages and scrape cooking pots. And so forces us to destroy the very incentives toward cooperative effort we're supposed to be after.

FROSTED HOSTESS HAM

Accent on Festive Party Foods for New Year

Gala holiday occasions call for festive party foods. To give your table a special glow this time of the year, a decorated frosted ham is certain to invite guests to the table without urging. Planned to keep the hostess at the party instead of in the kitchen, this entree combines elegance with practical ease.

To save the hostess time on the day of the party, the glaze can be made early in the day and chilled. To make the frosting lemon juice and gelatin are dissolved in hot bouillon, then cooled. Mayonnaise is added and the chilled ham is

ready to be glazed. The garnish should be arranged while the surface is still soft.

To make this picture-pretty garnish, cut thin wedges from a waxed Gouda cheese. Remove the wax covering and arrange the cheese wedges in a circle on top of the glaze. Cut the red wax strips into petal shaped slivers. Place two slivers on each piece of cheese, allowing the cheese to peek through the red wax leaves. Finish the flower with a paper thin slice of pimiento olive.

To accompany the main dish serve a curried rice, hot rolls, a variety of pickles and relishes and a dessert.

The Right Thing To Do

By Elizabeth L. Post

INTRODUCING IN-LAWS

Dear Mrs. Post: I heartily disagree with your information on how to introduce a mother-in-law. My father and my husband always introduced their mothers-in-law as my wife's mother or as Stella's mother, and it is so much nicer and does not involve that much maligned phrase "mother-in-law." I do the same for my father-in-law and introduce him as John's father. I think you must agree that it brings the family into a much nicer vein of thought.

John's Wife: You misunderstood my answer. I simply do not think it friendly to introduce your in-laws as "Mr." or "Mrs. Jones" without explaining the relationship. I heartily agree with you — "my husband's mother" or "Mary's father, Mr. Smith" is as

nice a form, or more so, than "my father-in-law, Mrs. Smith."

Theatregoes Annoyed by Late Arrivals

Dear Mrs. Post: I wish you would comment on members of a theatre audience who go out during intermissions and return after the lights are out and the curtain has gone up. It is most annoying to those of us who remain seated, and it seems to happen more and more often. Lucille K.

Dear Lucille: All I can say is that I agree with you one hundred percent. It is not only infuriating to the people trying to watch the performance, it is disconcerting to the actors.

Who Makes Introductions?

Dear Mrs. Post: My sister and I went to call on new neighbors recently. I knew them both slightly but my sister did not. When we arrived Mr. Smith was not in, but came in shortly thereafter. I would like to know whose place it was to introduce my sister to him — mine or his wife's.

Helen: Dear Helen: His wife's, as hostess. But if she hesitated or it appeared that she did not remember your sister's name, then you should have stepped in and done the honors.

"How to Plan and Budget Your Wedding" by Elizabeth L. Post, is now available to readers of this paper. Ideal for brides-to-be, their fiancés and parents, this new sixteen page booklet will help in preparing for the "perfect" wedding. To get a copy, send twenty-five cents in coin to cover booklet and shipping expenses, to Elizabeth L. Post, in care of this paper.

Synagogue News

Ahavath Israel

Friday night services will be held at Ahavath Israel at the new building on 100 Lucas Avenue at 8 p. m. A guest speaker has been invited to deliver the sermon. Cantor Larry Jacobs will chant the liturgy.

The Hebrew school classes will resume at the Talmud Torah on Tuesday and Thursday of next week at the Jewish Community Center.

Temple Emanuel

The annual student homecoming family Sabbath service will be conducted at Temple Emanuel Friday beginning at 7:45 p. m. The services are being held to welcome home the members of the congregation who are attending out-of-town colleges and high schools.

Rabbi Jonathan Eichhorn's sermonette will deal with the significance of the service and will be entitled, "The Light of Truth." Erica Gardlin will kindle the Sabbath lights and Arnold Weintraub and Jonathan Strongin will recite the appropriate blessings for the Torah service. The Temple organist, Gordon Bush, and the Temple choir will assist in the services.

During the memorial service the memories of the following will be invoked: Albert Cohen, Samuel Cohen, Regina Ewigkeit, Louis Kaplan, Thelma Mandell, Monroe Schlesinger, Ben Silverman, Shirley Vigard and Isaac Weiner.

Following the services an Oneg Shabbat will be held in honor of the congregation's out-of-town students. During the social hour Arnold Weintraub, president of the newly organized Hill Chapter at the State University College at New Paltz, will tell the congregation about the new Jewish University group. He will be assisted by Erica Gardlin, who also is a student at New Paltz.

The adult group will hold its next meeting on Tuesday beginning at 8 p. m. Rabbi Eichhorn will discuss "The Birth of Christianity." The public is cordially invited to attend this course in comparative religion.

The Temple Post-Confirmand Discussion Group will meet Wednesday at the Temple at 7:30 p. m. The group is open to Jewish young adults who have been confirmed or is a junior or senior in high school.

Hebrew classes will resume on Thursday afternoon Jan. 5. Sabbath school will resume on Saturday morning.

On Friday, Jan. 6, a birthday Sabbath service will be held. At this service, children in the religious school who have birthdays in December and January will be honored.

During recent weeks a number of Christian church groups have attended services at the Temple in order to gain a greater understanding of the Jewish religion. Among the groups have been delegations from the Saugerties Methodist Church, Saugerties Unitarian Fellowship and the Saugerties Reformed Church. Temple Emanuel encourages such visits as a means of creating greater understanding between Jews and non-Jews.

Second Biggest Season

STRATFORD, Conn. (AP) — A gross of \$955,000 gave the American Shakespeare Festival this year the second best season in its 12-year history. The record \$55,343 was set last year with the main success "King Lear" starring Morris Carnovsky.

HURLEY MINER IS HONORED — Former principal of the Brigham School and director in Ulster County for the New York State Retired Teachers Association during the past 12 years, Hurley Miner, at left, was cited yesterday for his outstanding service and dedication by members of the newly organized Ulster County Retired Teachers Association. An organizational luncheon was given in the Clinton Avenue

Methodist Church. At the speakers' table with Mr. Miner were (l-r) Mrs. Edna Parsons, president of the South Eastern Zone of the New York State Retired Teachers Association; Raymond Robert, director and president of Rockland County Retired Teachers Association; and Miss Mary Polhemus, newly appointed director for Ulster County. (Freeman photo by Wagenföhr)

Retired Teachers Organize County Chapter Of National Association; Luncheon Given

By DOROTHY A. NAREL
Freeman Society Editor

Sixty-seven retired teachers have decided to chart a new course in Ulster County by organizing a local chapter of the New York State Retired Teachers Association. More than 50 represented the charter group at a luncheon-meeting in the Clinton Avenue Methodist Church, Kingston, on Wednesday, Dec. 28.

They honored Hurley Miner of Kingston, former principal of the Brigham School and director for the state organization in this area over the past 12 years; welcomed Miss Mary E. Polhemus as newly appointed county director; and heard words of encouragement from Mrs. Edna Parsons, president of the South Eastern Zone of the New York State Retired Teachers Association, and Raymond Robert, director and president of the Rockland County Retired Teachers Association.

The Ulster County Chapter will become part of a 16,000 member state organization which strives to improve the status of retired teachers through an effective legislative program, comprehensive hospital-medical-nursing home insurance plans, and drug buying services in addition to other services.

As new director for Ulster County, Miss Polhemus appointed a by-laws and nominat-

ing committee which will report at a meeting slated some time in May, 1967. Serving on the committee are Mrs. Bertha Allen, Mrs. Irene Deyo, Mrs. Arpha Craft, Miss Charlotte Kolb, Mrs. Pearl Ripper, Mrs. Florence Ellsworth, Mrs. Florence Christiana, Miss Inez Satterlee, Mrs. Josephine Lowther, Mrs. Helen Farrell and Miss Sarah Gulick.

In accepting a gift from the teachers, Mr. Miner expressed his appreciation for the cooperation received during his term as county director over the past 12 years. The group cited Mr. Miner for his dedicated service to the cause of retired teachers.

Mr. Miner was graduated from Oneonta Normal in 1908, taught mathematics in Warren, Ohio High School until 1912 and was principal of the Potsdam Junior High School until 1917. He came in Kingston in 1917 to assume the post of principal at the Brigham School and retired from that position in 1941. He has served as director for retired teachers in Ulster County since 1954.

Miss Polhemus is former principal of the Sophie G. Finn School in Kingston and a charter member of the Ulster County Business and Professional Women's Club.

The New York State Retired Teachers Association was organized in Rochester, N. Y., in 1951. Through active legislative programs, the 16,000 member group has achieved a minimum retirement benefit of \$2100 for teachers or \$2400 per year for those who retired before July 1, 1961. The state group won the right for retired teachers to return to full time teaching upon suspension of retirement benefits and has established comprehensive hospital-medical-nursing home insurance plans and a drug buying service.

At various campuses through-

McMonagle at Course

Daniel J. McMonagle, Justice of the Peace and Acting Police Justice, Town of Rosendale-Village of Rosendale, was one of a 152 trainees, (including justices of the peace, police justices and other persons interested in justice court work), in attendance at a judicial training program. The program was the fifth annual Fall Justice Training Program sponsored by the Judicial Conference and held at Albany Law School.

out the state, the NYS Retired Teachers Association has established Vocational Training Programs covering a variety of interests and it has worked to construct a home for retired teachers near Syracuse, N. Y.

The Association is now striving for a cost of living bonus for its members and is planning to construct a Rehabilitation Center at the Syracuse Home in memory of Robert R. Decormier, former Poughkeepsie teacher who helped organize the state group and served as its president. Mr. Decormier died in May 1966.

YORK STATE is the house organ for the New York State Retired Teachers Association and NRTA Journal is also published by the Association.

Any retired teacher residing in Ulster County is eligible to join the new chapter. Detailed information may be obtained from the local treasurer Sam Vaughn of Hurley, N. Y., or from Miss Polhemus of Port Ewen.

Those interested in joining the national organization may do so by contacting Dr. Ednel P. Andrews, 701 N. Montgomery Street, Ojai, Calif.

Named Director

HARRISBURG, Pa. (AP)— Vincent P. Artz, an artist and curator of fine arts at the William Penn Memorial Museum is the new executive director of the Pennsylvania Council of the Arts.

Gov. Scranton, who announced the appointment Wednesday, said Artz was chosen by the council.

The 19-member council, created earlier this year by the general assembly, consists of 15 laymen and four members of the Legislature.

Artz, who lives in suburban Camp Hill, was born in Mohnton, Berks County, and was graduated from Kutztown State College in 1948.

He served as an executive in

private industry before joining the museum in 1965.

His work is represented in collections at Princeton University and the Robert Academy, Istanbul, Turkey.

BOWLING

Lewis, Persi Pin Leaders

Lou Persi fired the highest of 15 International League triples Wednesday night—648—to lead area bowlers. He hit games of 202, 222 and 224 to edge Bob Coisson by two sticks.

Best woman bowler was Rose Lewis with a 554 off 169, 253, 152 in the Plaza Bowlerettes.

Runners in the women's division was Josie Reynolds with 226-552 in the Mid-City Quads. Jeanie Conti rolled 550 in the Bowlerama Quads.

Jim Donahue of the Kingston Booster made an auspicious debut in the "600" circle with 636.

Other leaders: Frank Sheeley, Catholic AA, 610.

Jim Saxe, Pioneer Mixed, 541.

Ann Bruns, Early Birds, 485.

Chuck Slate, Woodstock Keglers, 616.

Esther Tremper, Friendship, 533.

Marty Petersen, Volunteer Firemen, 572.

Daniel McFarland, Hucktroll, 585.

Albany State, Siena Favored In Tournament

Co-favored Albany State and Siena will open their bids for the Capital City basketball tourney tonight at Siena's Gibbons Hall.

Albany State engages Marist College in the 7:15 p. m. opener while Siena opposes New Paltz State at 9.

The losers will play a 7:15 consolation Friday prior to the 9 p. m. title clash.

Albany State, the defending champion, sports a 4-2 record. Siena is 2-3, Marist 4-3 and New Paltz 1-2.

Siena has the top scorer in the field in 6-1 senior co-captain Mark Palinski, who has a 20.8 average and a one-game high of 37.

Albany State's top scorer is Rich Margison, 6-1 soph with a 17.7 average.

Marist is led by 6-3 senior John Murphy at 16.0 while Peter Brenner leads New Paltz with a 20.0 average.

Dick Sauers is coach at Albany State, Tom Hannon at Siena, Doug Sheppard at New Paltz and Ron Petro at Marist.

Siena boasts the tourney's tallest man in 6-7 soph center Tom Sheridan.

Albany State's tallest performer is 6-2 Scott Price.

John Murphy, the scoring leader, is tallest at Marist at 6-3 while both Pete Brenner and Ed Ehuster stand 6-5 at New Paltz.

Marlboro Scores 6th Win, 73-60

Richie Faulk potted 28 points and Marlboro rolled to its sixth straight victory, 73-60, last night over visiting Cornwall of the Orange County League.

The Dukes led by a lopsided, 47-29, county at halftime and coach Ed Sagares sprinkled his lineup with reserves in the third and fourth periods.

Larry Hanretta of Cornwall took game honors with 32 points.

The Marlboro jayvees were beaten, 41-37, in the first game.

The defending UCAL champions are idle until Jan. 6 when they entertain Ontario in a circuit test.

Box score:

	FG	FP	PF	T
Cornwall (66)	2	2	3	4

Namath's Knee Operation Called Success by MD's

NEW YORK (AP) — They laughed when Joe Namath was wheeled into the operating room, and breathed a sigh of relief when he was wheeled out. Namath, the New York Jets' \$400,000 quarterback, underwent a complicated double knee operation Wednesday that team physician Dr. James A. Nicholas said was successful and should allow him to run "considerably better" next season.

The cause of the merriment before the operation was the slight goatee Namath has begun to grow.

The operation at Lenox Hill Hospital was performed by Nicholas.

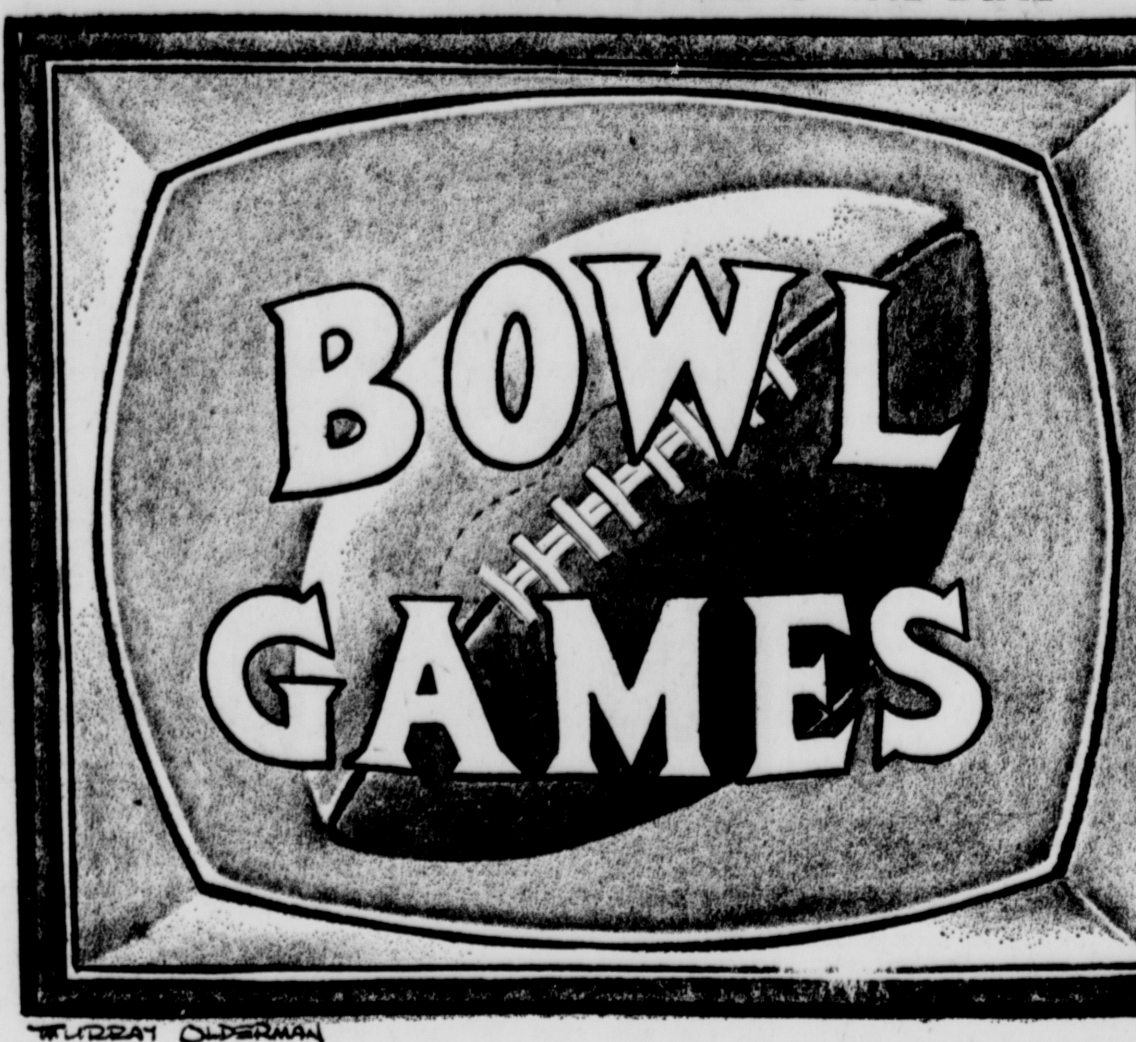

Nicholas said the operation consisted of the removal of torn lateral cartilage from Namath's right knee as well as some "loose bodies" from the knee joint and the transfer of some healthy tendon from the back of his leg above the knee to replace damaged tendon in the joint.

Namath's leg will be in a full-length cast for five or six weeks and he will remain in the hospital for two or three weeks.

Rained Out

NEW ORLEANS, La. (AP) — The Sugar Bowl-New Orleans Recreation Department's junior tennis tourney was washed out by rain Wednesday and tourney director Anne Martindale scheduled a marathon session for Thursday to get in all first round singles and doubles matches.

MONOPOLIZING THE DIAL

Passante Scores 39

Grills and Ferroxcube Winners in "Y" Loop

Sparked by Frank Passante's 39 points, Royal Grill defeated

Food Fair, 98-92, for its first victory of the season and plunged the losers into the cellar in YMCA League basketball action Wednesday night.

Ferroxcube won over Boyle's A.C., 57-50, for its second win in three decisions and fourth place in the standings.

Passante rimmed 14 fields and collected 11 free throws. Tom Fiore added 24. Three of the Food Fair were in double figures: Vince Fisher 23, S. Miller 21 and Jack Hawkins 20.

Royal Grill led 52-50 at the half and gained its winning margin with a 24-17 edge in the fourth period.

Avery Hits 20

Ron Avery dunked 20 points, as Ferroxcube built up a 31-19 halftime lead to holdoff Boyle's late surge. George Freigh added 14 points for the winners. Tom Stenson (18) and Jack Houghtaling (17) paced the losers.

Cold Workout

DALLAS, Tex. (AP) — The Cotton Bowl teams — Southern Methodist and Georgia — practiced in freezing temperatures and a piercing north wind Wednesday, but both coaches said it had been most satisfactory.

Flat Foot Reeves Is Key to Dallas Win Over Packers

By JACK HAND
DALLAS, Tex. (AP) — Dan Reeves is a farm boy from Georgia with flat feet, 16 touchdowns and a burning desire to help the Dallas Cowboys win their first National Football League title.

Reeves, a halfback with an active sense of humor, claims he developed the flat feet plying behind the mules on his father's hog and peanut farm back home.

When Dallas meets Green Bay Sunday for the NFL title at the Cotton Bowl, much will depend on Reeves' ability to move those flat feet as a clutch runner and pass receiver.

Reeves, who played his college ball as a quarterback at South Carolina and was overlooked by both pro leagues in the draft, has carried the ball for 757 yards. Just for the purpose of comparison, the Packers' famous Jim Taylor ran for only 705 yards this year.

Don Meredith uses Reeves as a prime pass catching threat in his efforts to isolate the fleet Bob Hayes in a man-to-man coverage situation. Reeves has caught 41 passes, more than any Cowboy except Hayes, and rates among the most valuable players on the club.

Reeves does not fit into the list of big bonus boys. He got about \$500 to sign and definitely did not get any no-cut contract.

"I roomed with Obert Logan in my rookie year (1965) at Thousand Oaks, Calif.," said Reeves. "We got 7 per diem during camp and we were sorry to see the training season end. It meant we took a cut in pay."

Reeves doesn't have to worry about the money any more. He is due a healthy raise in 1967 after his fine season. With the rest of the Cowboys he will be playing for a winning share of about \$8,600 Sunday and a shot at the \$15,000 winning slice in the Jan. 15 Super Bowl with the American League champions.

UCLA Crushes Wisconsin 100-56 Alcindor Nets 24

LOS ANGELES (AP) — Top-ranked UCLA demolished the Wisconsin Badgers 100-56 Wednesday night in the Los Angeles Basketball Classic as the Bruins' Lew Alcindor scored 24 points.

With Alcindor blocking shots and intimidating the Badger offense, the Bruins raced to their sixth consecutive victory. The 7-foot-1 sophomore, who also grabbed 16 rebounds, left the game with 10 minutes remaining.

Wisconsin played the Bruins close through the opening nine minutes, using a zone defense with two men on Alcindor. But from a 13-13 tie, UCLA pulled to a 44-27 intermission lead and was never in trouble again.

The East has featured passing in offensive drills ever since opening the Santa Clara camp.

And West Coach John Ralston of Stanford said Wednesday quarterback Don Horn of San Diego would start if there is no rain.

The West co-captains will be Arkansas offensive tackle Dick Cunningham and UCLA defensive guard John Richardson.

Expect Passing Show In Shriner's Match

SAN FRANCISCO (AP) — If the good weather holds, fans at Kezar Stadium or watching on national television will see a passing display Saturday in the 42nd San Francisco Shrine East-West football

Philip Schuyler, KHS Gain Finals of Holiday Tournament

Beacon, Nyack Bow; Title Contest Tonight

BY ED PALLADINO
Freeman Sports Staff

Beacon High School, which has compiled a fantastic winning record the past five years because of its famed "pressing defense", died by that same press last night in the 3rd annual Kingston High School Invitational Holiday Basketball tournament.

The Bulldogs, seeking a third straight championship, fell before unbeaten Philip Schuyler of Albany, 72-69, in the opening contest.

In the second game, Kingston advanced to the finals with an easy, 85-53, decision over previously undefeated Nyack, the Rockland County leader.

Beacon will oppose Nyack at 7:30 tonight for consolation honors. The host school will attempt to halt Philip Schuyler in the championship tussle, scheduled for 9 o'clock.

With talented Gary McCray setting up the baskets and with Nate Milligan doing some splendid outside shooting, Beacon appeared well on the way to stopping highly touted Philip Schuyler.

Have 10 Point Lead

In fact, after leading by only three points, 35-32, at halftime, coach Dick DiBiasi's cagers came out roaring in the third period and had opened up a 10 point lead, 51-41, with only 3:10 of the period remaining.

At this point, the upstarters went into a zone press. The poised Bulldogs became rattled and disorganized and by the end of the quarter, it was a 55-53 game and the more than 1,200 at the Kate Walton Field House were set for an exciting last period. It was just that.

Joe Roberts, who contributed 30 points after coming off the bench in the third period, put Schuyler in front with a layup. Charlie Moore tapped in a rebound for Beacon and it was tied at 57-57.

A free throw by Milt Horne and Burns Wilson's jump shot gave Schuyler a three point lead before Milligan retaliated with a deuce for Beacon. John Moore then fed McCray underneath and the big boy stuffed it to shove the Bulldogs ahead, 61-60, with 5:10 to play. It was their last lead.

Lead Is Razor

Wilson hit from outside for the winners and 6-7 Lonnie LeFevre converted two foul tries for a 64-61 lead. A drive by McCray razored the edge to a point, 64-63, with 3:50 left. It was still anybody's game.

After Ed Valentine missed a 1-1 free throw situation for the Beaconites, Roberts bombed one from outside for Schuyler and Steve Quill tapped in a rebound for Beacon. It was now a 66-65 cliffhanger.

The Beaconites never came closer. A hook shot by Roberts and Horne's jump shot made it a five point cushion with 2:20 left. After Milligan drove in for a bucket, Herb Bowen connected from the side for Schuyler, opening the gap to five points once more, 72-67. Charles Moore scored for the losers, but there were only 25 seconds to go and there wasn't any more scoring.

It was the first setback in five starts for the Dutchess County quintet and also the initial setback in three tourney appearances.

The second game was entirely different. Kingston started slow, began to find the range late in the opening period and completely outclassed the Rockland County cagers.

Nyack, in an attempt to stop the KHS speed, used a deliberate offense and changed defenses. Once coach John Gilligan's team

Syracuse Goes For Secret Stuff

JACKSONVILLE, Fla. (AP) —

A veil of secrecy has been enforced by uniformed policemen around the practice field where Syracuse prepares for Saturday's Gator Bowl game against Tennessee.

In contrast, the Tennessee practice field several miles away has been ringed with spectators. Coaches Ben Schwartzwalder of Syracuse and Doug Dickey of Tennessee explained their contrasting philosophies.

"You're darn right it could make a difference if a Tennessee scout saw us practice," Schwartzwalder said. "We are putting in some new things, and I'm sure they are, too. We'd like to get a look at some pictures of them working."

Dickey agreed that "we are putting in some new wrinkles." But, he said, he didn't think if a Syracuse scout watched the Vols practice he would learn much to affect the game.

Any visitor who approached the St. Augustine field where Syracuse has been working since Dec. 18 was stopped by an officer in uniform.

Prior clearance for reporters was enough to permit entrance "as long as you don't write anything about what we are working on."

Coleman Play Finals Tonight

Two Kingston teams—St. Joseph's and St. Mary's—clash in the Coleman Holiday Tournament finals tonight at 8:30 at the municipal auditorium.

St. Mary of the Snow (Saugerties) and St. Frances de Sales (Phoenixia) meet in the consolation game at 7:30 p. m.

Forty-five trophies will be presented following the finals. Trophies will be awarded to the first, second and third place teams and individuals.

The John A. Coleman Trophy is to be awarded to the team displaying the best sportsmanship. Other awards will be for Most Valuable Player and 10 All Star team selections.

adjusted to the changes, the game was all but over. A. J. Murphy continued his hot shooting, scoring 23 points. However, it was the defensive work of Leon Hanna which made the difference.

Hanna hauled down 12 rebounds and blocked 10 shots. It was his finest effort of the season.

Weather, Books Jolt Mustangs

DALLAS, Tex. (AP) — Coach Hayden Fry of Southern Methodist scheduled "the toughest Thursday workout ever" today as he tried frantically to get his team's timing and execution to match its mental and physical preparation for Saturday's Cotton Bowl game with Georgia.

Bitter cold and a long layoff, forced by the academic schedule of the university caused the Mustangs to falter with their passing and ball handling as Fry worked them long and hard Wednesday afternoon.

"There was no question of desire or effort, and I think my boys are ready to go all out to win, but unless I can get better timing and execution we won't have much chance to beat a fine Georgia team," said Fry grimly.

"Today offers a last chance. We're really going to try, and I may be unduly alarmed when I find we just had one of those days and had to work out the rough spots before we could start to function properly."

Fry said he hadn't been able to have a full-scale workout since Dec. 10.

Morris Rips 37 In Cornell Win

By THE ASSOCIATED PRESS

Cornell University's basketball team should be pleased with Gregory Morris today.

All Morris did Wednesday night was pump in 37 points to lead the Big Red to an 82-77 victory over Kentucky.

Morris scored on 16 of 21 field goal attempts and five of seven shots from the free throw line.

In other basketball action Wednesday night involving upstate New York college teams, tournaments were the order of the day.

LaSalle downed Niagara, 86-72, in the Quaker City at Philadelphia, Pa.

Buffalo State beat Babash, 86-62, in the Wooster Classic at Wooster, Ohio.

Alfred shipped by Plattsburgh, 73-72, in the Georgian Invitational at Montreal.

In the LeMoyne Christmas Invitational at Syracuse, Iona defeated Lafayette, 65-59, and LeMoyne beat Maine, 85-74.

The Christmas Classic's opening round at Rochester saw Dartmouth defeat Rochester 73-68, and Georgetown walloped Purdue, 104-82.

Knicks Beat LA; 76ers Down Celts For 34-3 Record

PHILADELPHIA (AP)—Coach

Alex Hannum of the Philadelphia 76ers admits his team needed every advantage to beat Boston for its 31st straight home court victory Wednesday night in the National Basketball Association.

The 76ers rallied and beat the Celtics 113-108. It was also victory No. 34 against only three losses for the 76ers and gave them a seven-game edge over second-place Boston in the Eastern Division.

In other games Wednesday night San Francisco beat Baltimore 138-115 and New York beat Los Angeles 121-115.

Hannum said after the 76ers' victory, "I was a little disturbed in the first period when we were down by 13 points, and I didn't think we'd get untracked. But in the second quarter Billy Cunningham started running and everybody started running and it got us going, and we finally started shooting them in."

Hannum said "the home court certainly was an advantage for us. The Celtics probably would have beaten us by five at Boston under the same conditions."

The Celtics have beaten Philadelphia twice in Boston and the 76ers have won all three meetings here.

Wilt Chamberlain stood out on offense and defense, collecting 24 points, nine assists and grabbing 32 rebounds. Cunningham scored 23 points.

Paul Neumann scored 30 points, making up for San Francisco's Rick Barry, out with a sprained ankle. Baltimore was missing Gus Johnson who had a knee injury and Don Ohl led the Bullet scorers with 24 points.

Emmette Bryant and Howie Komives combined to hold Jerry West scoreless from the floor in the second half in the Knicks' victory over the Lakers. West, who had 25 points in the first half, was high for the game with 31. Willis Reed led New York with 29 points.

Lost to Leafs

TORONTO (AP) — Goalie Johnny Bower of the Toronto Maple Leafs, who returned to the line-up last weekend after recovering from a shoulder injury, broke his right hand in practice Wednesday and will be out of action for at least three weeks.

Bowl Gazing

Major Sees Unbeaten Nebraska Ousting 'Bama From Ranks

By MAJOR AMOS B. HOOPLE

Wassail Bowl Mixer

Egad, friends, we have several tasty tidbits for you this New Year's weekend.

As usual, the Bowl Committee have arranged some excellent attractions featuring no less than six of the nation's top ten collegiate powers—Alabama, Nebraska, Georgia, Georgia Tech, Southern Methodist and Purdue. After an exhaustive study of the strengths and weaknesses of the competing eleven, The Hoople System is ready to give you the authoritative forecast—and be prepared for several surprises—har-rump!

Gator Bowl

Dec. 31, Jacksonville, Fla. Syracuse 22, Tennessee 11. The 22nd renewal of the Gator classic will find the Orangemen upsetting the dope bucket as they double the score on Tennessee's Vols. Watch for Floyd Little and Larry Csonka to lead the infantry charge as Syracuse racks up its eighth straight victory—hak-kaff!

Cotton Bowl

Dec. 31, Dallas, Texas Georgia 21, S.M.U. 14. Mannin De Streit, this column's Dallas correspondent, deftly reports the hometown Mustangs will fall a little short in their battle with Georgia's Bulldogs. Look for Coach Vince Dooley's boys to score early and then fight off the spirited Mustang charge.

Sugar Bowl

Jan. 2, New Orleans, La. Nebraska 17, Alabama 16. The big game of the day! Yes, friends, that's the way it's going to be as 6th-ranked Nebraska shades

BETWEEN YOU 'N' ME

The Paul-Horning-to-the-New-York-Giants rumors are sure to be revived. Well Mara's comment on the possibility: "We'd be interested only if he could play." ... which may be the reason that Vince Lombardi, close friend of the Giant owner, put the Golden Boy in action for a few minutes in the Packers' season windup at Los Angeles. ...

Mara, incidentally, emphatically denies he has even considered selling the Giants, as reported, and was never checked to see if the story had any credibility. ...

Tom Landry, astute coach of the Dallas Cowboys, doesn't kid himself about the caliber of the opposition in the upcoming NFL title game. "We both got there," he says, "with fine defensive units, but the Packers' is a little better than ours. They pose special problems because they've got those three big linebackers, which makes it tough to run at them. We'll be up there with them when our young kids get more experience like Willie Townes at end and Mel Renfro, who's only playing the off-safety (free safety) for the first time this year."

Super Bowl has become the generally accepted title for the clash between the NFL and AFL on Jan. 15 in Los Angeles, but officially the face of the commissioner winces at the name—just as it doesn't relish the Playoff Bowl at Miami between second place teams being called the Runner-Up Bowl.

Chuck Howley, the brilliant corner linebacker for the Cowboys, once played middle guard on the same line at West Virginia, with Sam Huff (now a Redskins linebacker) and Bruce Bosley (center for the 49ers) on each side of him as the tackles. Howley's weight dropped down to 215 this year (from a normal 230) as the Cowboys closed in on their first division title in history and he was unable to eat in the tension. ...

If Otis Taylor, the sensational sophomore receiver for the Kansas City Chiefs, looks like he has an affinity for the football, it's natural. Originally, he used to throw the ball, as a great Texas high school quarterback—and also called signals at the start of his college career for Prairie View. ...

Big decisions brewing on the condition of Joe Namath's notorious right knee. The Jets' team physician is supposed to be tinkering with some revolutionary idea of replacing the damaged ligament. Joe's first appointment soon as the season ended was at the medic's office. ...

Florida's all-anything, Steve Spurrier, doesn't agree with the speculation that it takes three years to learn to master the tools of a quarterback in pro football. He believes that college defenses have introduced enough man-to-man defenses the last couple of years to help his recognition of coverage. And as for the college proclivity towards scrambling, he says, "Two guys in the backfield can run better than me, so why should I carry the ball?" ... On the effect of the Heisman Award towards his pro contract: "It's gonna help a lil' bit."

When Miss Florida 1966 dropped her crown after the Miss America pageant, a logical pinch hitter stepped in—pretty Christine Torgeson, whose father Earl did a spot of pinch hitting himself in the majors. ...

Between you'n'me, American Football League owners have already notified team player representatives they're throwing \$2.7 million into the kitty to raise their pension plan to the level of the NFL within the year. ...

Cornell, Boston Picked in Hockey

BOSTON (AP) — Cornell and Boston University, the East's top-ranked powers with 10-0 records, swap opponents tonight while heading for a showdown in the annual Christmas hockey tournament at the Arena.

Cornell scored a pair of goals in the third period to defeat stubborn Northeastern 4-2 while BU rallied to edge Harvard 7-5 in opening games Wednesday night before a crowd of 3,500.

The Big Red face Ivy League rival Harvard and BU takes on Northeastern tonight. Cornell and the Terriers meet in the tournament windup Friday night.

Cornell's Bob Fergusonbrooks

Tom Landry

Murphy Leading Luther by 11

NEW YORK (AP) — Challenger Cervo Murphy leads defending champion Luther Lassiter, 900-889 going into today's seventh and eighth blocks of their 1,500-point challenge match for the World Pocket Billiard Title.

Trailing 600-562, Murphy won the Wednesday afternoon game, 178-73. Lassiter took the night block, 216-150, to edge within six balls of the leader.

The match ends Friday night.

Vote Kentucky Wesleyan Tops in Small Colleges

By THE ASSOCIATED PRESS

There were only two unbeaten teams in The Associated Press' first small-college basketball poll of the season — top-ranked Kentucky Wesleyan, 6-0 through last Saturday's games, and third-rated Cheyney State of Pennsylvania, 8-0 through Saturday.

Kentucky Wesleyan was the winner of the NCAA's college division championship last season and Cheyney State won the AP's final poll last season with a 26-0 record.

The Panthers had seven first-place votes and 115 points, and Cheyney State had one first-place ballot and 79 points. Southern Illinois, in second place with a 4-1 record through Saturday, had three first-place votes and 99 points.

The Top Ten, with first-place votes in parentheses, and points on a 10-9 etc. basis:

1. Kentucky Wesleyan (7) 115
2. Southern Illinois (3) 99
3. Cheyney State (1) 79
4. Akron 72
5. Tenn. State (1) 62
6. Pan American 59
7. Indiana State (1) 47
8. Grambling 42
9. San Diego State 36
10. Ark. AMN 30

Teenagers Vie For Senior Title In Figure Skates

BUFFALO, N.Y. (AP) — Two teen-agers meet today on the ice to compete for the crown in the senior men's division of the Eastern U.S. Figure Skating championship.

Patrick Lalor, 19, of Haverford, Pa., holds a slight lead over Robert Black, 17, of Melrose, Mass., as a result of winning the compulsory figures part of the senior event Wednesday.

Lalor, a Maryland junior college student, finished third last year in the junior event of the national figure skating championship. Black was second.

Both vie, today in free skating competition. A field of 124 skaters in 16 divisions are participating in the three-day contest in Dann Memorial Rink here.

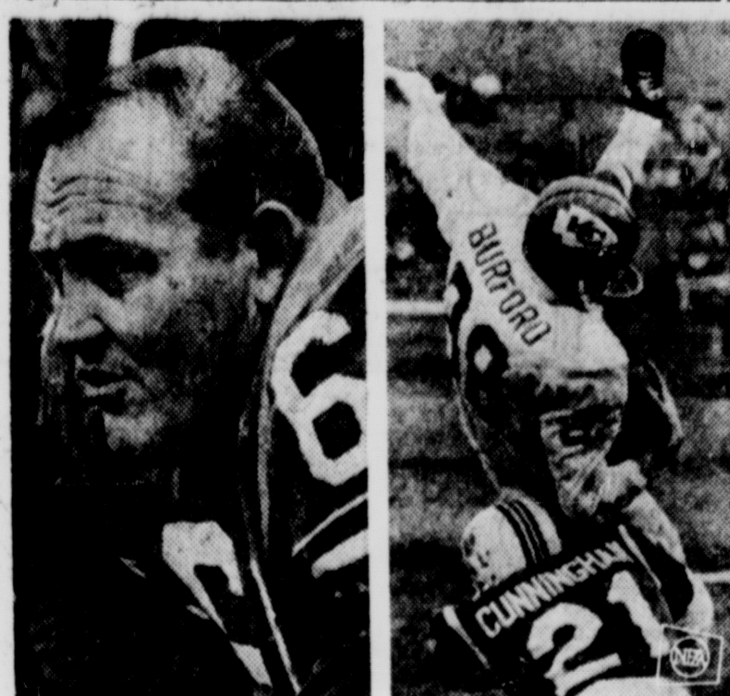

With the exception of the intermediate categories and the veteran and bronze dances, the top three skaters in each division will be eligible to compete in the national championship Jan. 18-21 in Omaha, Neb.

Other Winners

In final competition Wednesday, James Webb of Boston, Mass., captured first place in the intermediate men's division and Audrey King of Washington D.C. was the winner in the intermediate ladies division. Kenneth Class, 15, of Philadelphia, Pa., skated to the top in the novice men's category.

The results of Wednesday's competition:

- Senior men - Lalor, 1; Black, 2.
- Novice Ladies - Mary Lynn Gelderman, Wantagh, N.Y., 1; Louise Vacea, North Lindbergh, N.Y., 2; Joanne Daraki, North Caldwell, N.J., 3.
- Intermediate Men (Final) - Webb, 1; David Crowley, Philadelphia, 2; Richard Weisman, Cherry Hill, N.J., 3.
- Intermediate Ladies (final) - King, 1; Susan Gearhart, Rochester, N.Y., 2; Janice Formwalt, Wynnewood, Pa., 3.
- Silver Dance - Bill and Susan Roberts, Essex, N.J. Figure Skating Club, 1; Harvey and Ann Miller, Philadelphia Skating Club, 2; Keith Galgot, Watertown, N.Y., and Debbi Gerkin, Skating Club of Lake Placid, N.Y., 3.

KEY MEN for Buffalo and Kansas City in the AFL championship game will be offensive guard Billy Shaw, left, of the Bills and split end Chris Burford of the Chiefs.

The Clay-Terrell Explosion, Was It Buildup for Cosell?

By MURRAY ROSE

NEW YORK (AP) — "Oh, he needs to be beaten real good. I'm going to knock him out."

Ernie Terrell, his eyes still smoldering, meant the words for Cassius Clay, following a hot tiff between the two heavyweights that almost broke into a free fight Wednesday.

After calling Terrell "an Uncle Tom" because the towering fighter wouldn't call him Muhammad Ali, the Muslim name Clay prefers, Clay slapped Terrell's right arm and challenged him to "fight it out right now" at a Madison Square Garden press conference.

The 6-foot-3 Clay doffed his sports coat and tried to get at Terrell while the 6-foot-6 Terrell lunged at Clay. They were about six feet apart in a jam-packed small room in the Garden when the action started.

Various handlers and others collaborated to keep them apart.

Pros Confounded

Boxing veterans were dumbfounded at the unprofessional-like behavior of the two heavy-weight champions, who are scheduled to fight for prizes ranging to a \$100 top at the Houston Astrodome, Feb. 6. Terrell is the World Boxing Association's champion while Clay is regarded as champion in most parts of the world.

If this was a publicity stunt,

Gets MVP Award But Left Off Star Team

CATTARAUGUS, N.Y. (AP) — Don Hurlbut of Hinsdale High School was voted the most valuable player in the Cattaraugus Holiday basketball tournament Wednesday night.

But he failed to make the all-star team, picked by the tournament officials. Hinsdale finished third in the four-team competition.

LAUREL, Md. (AP) — Laurel Race Course canceled its nine-race program Wednesday because of a forecast of freezing rain and snow.

Most housewives wonder why anyone would want a washer 10 feet tall when her husband's shorts are five feet wide.

Somebody asked a college professor how science helped business and he replied, "Professor Brown—What would the suspender business amount to without the law of gravitation?"

Hal—I saw the doctor today about my loss of memory. Cal—What did he do? Hal—Made me pay in advance.

On a restaurant menu — "Dreaded Veal Cutlet."

Small boy's argument in favor of television: — Before TV, nobody knew what a headache looked like.

Keeping your chin up also keeps your mouth closed.

You can preserve your friendships by giving your friends the money they want to borrow from you instead of loaning it to them and never getting it back.

Mr. Keys (his assistant) — department store drug shop? — What can we play up at this time of the year?

Mr. Keys (his assistance) — Well, it is the football season, so how about hot-water bottles for boy friends to take along for their sweeties to sit on in those cold concrete stadiums?

Why We Say--

CLOCK 12-28

FROM BELL: Our everyday instrument, the clock, actually means bell in Latin (clocca). Before mechanical timepieces were invented bells were used to indicate the hours.

BARBS

BY WALTER C. PARKES

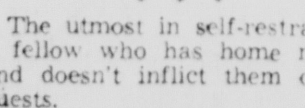

If old folk could change places with young folk, both would find plenty to complain about.

The safest way to tell a woman's age is not to.

Many a salesgirl working through the Christmas rush

The utmost in self-restraint is a fellow who has home movies and doesn't inflict them on his guests.

CARNIVAL

By DICK TURNER

"Why do I refer to the computer as 'she'? Because I can't argue with it, either!"

We'd like to live about 20 years more so we could hear our teenagers squawking about the younger generation.

The most considerate "life-of-the-party" jerk is the one who brings his own lampshade.

The Weather

THURSDAY, DEC. 29, 1966

Sun rises at 7:23 a. m.; sun sets at 4:32 p. m., E.S.T.
Weather: Cloudy, Flurries

The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 20 degrees. The highest figure recorded up to noon today was 31 degrees.

Weather Forecast

SNOW FLURRIES

Lower Hudson Valley:

Rain and freezing rain this morning generally ending early this afternoon. Light snow or flurries likely late this afternoon and tonight. High today in the 30s. Low tonight 20 to 25. Friday windy and colder with variable cloudiness. High in the upper 20s and lower 30s. Winds southerly, 15-20, today becoming westerly, 15-25, this afternoon and west to northwest, 15-25, late tonight and Friday.

Mohawk Valley:

Western Catskills:

Upper Hudson Valley:

Heavy snow mixed with sleet or freezing rain this morning, tapering off to occasional snow or flurries this afternoon and tonight. Snow accumulations of around six inches in most sections. High today in the upper 20s and low 30s. Low tonight in the upper teens and low 20s. Friday windy and colder with variable cloudiness and snow flurries. High in the 20s. Winds south to southeast, 15-20, becoming west to southwest, 15-25, this afternoon and shifting to northwest, 15-30, late tonight and Friday.

Northeastern New York:

Heavy snow today tapering off to occasional snow or flurries late this afternoon and tonight. Snow accumulations around six inches or more. High today in the 20s to near 30 south. Low tonight in the upper teens and low 20s. Friday variable cloudiness, windy and colder with snow flurries. High in the 20s. Winds south to southeast, 15-30, becoming west to southwest, 15-25, today and shifting to northwest, 15-30, late tonight and Friday.

Western New York:

Northern Finger Lakes:

Windy and turning colder today with periods of snow and snow flurries. Continued windy with partial clearing and snow flurries likely tonight. Temperature dropping from the upper 20s and low 30s to the teens tonight. Changeable sky and snow flurries likely and cold Friday. Gusts southwest to west winds, 20-40, becoming northwesterly tonight and gradually diminishing Friday.

"LOOK! HE'S ACTUALLY WASHING WINDOWS!"

And why not? Smart fellow figured in advance that washing a Jasco "Swivel-Action" window takes less time and effort than any other job you might give him. He merely flicks his hand... and presto! The window comes to him. Another flick, with a cloth... and voila! Window completely clean on both sides and he hasn't moved an inch. Smart teenager... but, his mother's way ahead of him. She chose Jasco's "Swivel-Action" Windows, didn't she?

Write for literature on Jasco's "Swivel-Action" Windows. Jasco Aluminum Products is the great name in aluminum products.

MAKING ROOM FOR MORE—Big equipment is put into use to clear away results of recent big snow in the Albany Avenue section of the city. Kingston and the area received a

new blanket of the white stuff Wednesday night before the snow turned into rain. (Freeman photo by Wagenfohr.)

Dutchess Warned Of Court Action On Jail Faults

POUGHKEEPSIE, N.Y. (AP) — Dutchess County officials have been threatened with court action by the state commissioner of correction if conditions in the county jail are not improved.

The legal threat was contained in a report from the Correction Commission to the county Board of Supervisors, citing 23 improvements needed for health, safety and improved clerical procedures.

Sheriff Lawrence M. Quinlan called the report "completely unfair" and added that the report "exaggerates minor faults at the jail."

However, David C. Schoenag, chairman of the Board of Supervisors, said the board would act immediately to comply with the state order.

County officials said the state could take legal action by obtaining an enforcement order from State Supreme Court. Failure to comply with this order could lead to contempt charges against the county officials.

Where He Wrote Address

The Barriren House, Rocky Hill, N. J., was the place where George Washington wrote his "Farewell Address" to the soldiers of the Revolutionary War.

FLORENCE WARD

Entry Is Listed In Miss Hope '67 Cancer Contest

A second year student in the Kingston Hospital School of Nursing, Miss Florence Ward, is an entrant in the "Miss Hope-1967" competition being sponsored by the American Cancer Society's New York State Division.

Miss Hope of Ulster County will be selected to compete with 53 candidates in the other counties in Upstate New York.

The competition is open to all unmarried students of nursing and to all unmarried registered professional nurses.

All candidates will be judged on the basis of personality, intelligence and beauty.

Announcement of Miss Hope of Ulster County will take place at the Crusade Kick-Off in Ulster County, date and place to be announced.

Let World ...

(Continued From Page 1)

Ore., said in a statement that civilian casualties have united North Vietnam in its "determination to resist American military power."

Morse said a series of New York Times stories from Hanoi on civilian casualties "have widened the credibility gap into a worldwide chasm between the United States and the rest of the world on the subject of our air attacks."

The State Department said Wednesday it has granted 50 Americans permission to go to North Vietnam, an increase of four over the last announced figure. Most are newsmen.

North Vietnam has admitted few persons on the State Department list, but has granted visas to some Americans who did not have U.S. permission to visit that country.

North Vietnam has granted entry permits to Harrison E. Salisbury of the New York Times and Louis Lomax, a West Coast television commentator, whom the State Department

okayed.

Flier Disagrees
Salisbury's stories of civilian casualties have stirred the latest round of controversy.

A U.S. flier who has bombed the town of Nam Dinh disagreed with reports from that town 50 miles southeast of Hanoi.

Cmdr. Robert C. Mandeville, commander of Navy Attack Squadron 65, told the Norfolk, Va., Ledger-Star that targets in Nam Dinh were mainly "a large trans-shipment area on the banks of the river, a fuel area on the delta east of town and rail yards to the west."

Salisbury had quoted the town's mayor as saying it was textile town containing nothing of military significance.

He reported that 89 persons have been killed, 465 wounded and homes of 12,464 destroyed.

Mandeville said his fliers regarded the town as one of the most dangerous objectives in North Vietnam because of heavy defenses.

Tremors Resume In Chile; Give Warning of Wave

SANTIAGO, Chile (AP) —

Earth tremors continued to shake northern Chile during the night, and there were warnings of a possible tidal wave if an undersea volcano continued erupting 25 miles off shore.

The volcano spit sheets of fire from the ocean bottom Wednesday about the same time that a mighty earthquake rolled across 1,000 miles of the copper-rich coastal area.

Destroyed Port

The quake destroyed much of the old nitrate port of Talta, where three persons were reported killed so far and two others missing. Dozens were injured and an estimated 4,000 persons were left homeless in the provinces of Antofagasta, Atacama and Tarapaca. Three million persons live in the area.

Residents of Talta, which has a population of 10,000 said huge flames spurted from the ocean depths when the quake struck at 4:18 a.m. Old, one-story structures of mud bricks and wood collapsed in the town amid big clouds of dust, and thousands fled toward the neighboring hills with the shaking earth slipping beneath their feet.

Hit 8 Mark

The first quake registered 8 on a scale of 12 and light tremors continued Wednesday night. The navy warned that if the volcano continued erupting, a tidal wave could flood Talta and other coastal areas.

The quake was felt in Santiago, the capital 600 miles south of the epicenter, but no damage was reported.

The \$700-million copper installations of the U.S. Anaconda Co. in Atacama and Antofagasta Provinces also were reported undamaged.

Set Equalization For 3 Villages

ALBANY — The State Board of Equalization and Assessment reported today that final state equalization rates have been established for 17 cities and 236 villages in the state, including Rosendale, Slaughteries and Ellenville in Ulster County.

The new rates are based on assessment rolls completed in 1966. Slaughteries was given a rate of 60, one point lower than last year.

Ellenville was given 55, one point higher than last year. The rate of 60 for Rosendale is the same as last year.

State equalization rates are fixed annually by the State Board of Equalization and Assessments for cities, towns and villages, and are the ratio between the assessed value of local real property and its actual or full value, as determined by the state.

If a locality's rate is 50, then its assessed valuation represents one half (50 per cent) of its full valuation or real property. When market values rise in a community, but assessments do not, the rates drop. Lower rates usually mean an increased share of school taxes and a better portion of state aid.

Renames Rosenn
HARRISBURG, Pa. (AP) — Max Rosenn, 56, a Wilkes-Barre attorney, was reappointed by Gov.-elect Raymond P. Shafer Wednesday as Pennsylvania secretary of Public Welfare.

Rosenn has held the \$25,000 a year cabinet post since February when he was selected by Gov. Scranton to replace Arlin M. Adams, who resigned.

He is Shafer's 12th cabinet appointee for the Republican administration.

Senate Group To Probe Pilot Shortage Report

By SEYMOUR M. HERSH

WASHINGTON (AP) — The Senate Preparedness subcommittee will launch a detailed investigation next year into pilot shortages in the armed services, sources revealed today.

The subcommittee, headed by Sen. John C. Stennis, D-Miss., is reliably reported to be in the process now of deciding whether to hold a special hearing on the pilot problem or incorporate the investigation into its annual probe of readiness.

Bad Situation

"I think we're in a very bad situation," one subcommittee source said. "We've got a very severe shortage of pilots and it's going to become worse at our rate of loss."

About 300 planes have been shot down over North Vietnam as of Dec. 14; more than 150 were lost there in 1965.

Secretary of Defense Robert S. McNamara, in a move to ward off even greater shortages, has approved sharp increases in pilot training for the Navy, Air Force and Army.

The boosts have not been officially spelled out yet, but Pentagon sources said they should produce an extra 8,000 pilots next fiscal year — most of them for Army helicopters. McNamara also granted the Air Force and Army an additional pilot training base and provided funds for the Navy to expand its present facilities.

Should Help

Subcommittee officials acknowledged that the increased training rates should help, but described them as too little, too late.

The Navy now orders its men to serve two six-month tours in Southeast Asia; in 1968 it will either have to extend the length of duty tours, call for a third tour or call up the Reserves.

The Air Force and Army both are trying to limit their men to one Southeast Asia tour of duty. In the Army's case, many men have been sent back for a second time. The Air Force has avoided this thus far by cutting back on the number of pilots permitted to attend graduate or military schools and plucking fliers from staff jobs around the world.

The Navy and Army have eased their problems temporarily by involuntarily freezing some pilots on duty for an additional year.

Jury Takes ...

(Continued From Page 1)

tering a building and petit larceny. Aramis Negron, possession of a narcotic drug as a misdemeanor.

David Kessler, grand larceny in the first degree; issuance of a fraudulent check.

Clifton Bullock, second degree assault (two counts) and assault in the third degree.

William Edmund Ott, attempted kidnapping; assault in the first degree; burglary in the third degree; unlawfully entering a building.

Robert Simon, also known as Bob, sale of narcotic drug and possession of a narcotic drug.

The two cases in which no indictment was returned and dismissals were recommended are: Nicholas James Giuditta, illegal possession of a firearm.

Jeffrey Marks, grand larceny in the first degree.

To Probe Train Mishaps

HARRISBURG, Pa. (AP) — The Pennsylvania Public Utility Commission plans to hold hearings here Jan. 25-26 to investigate what it calls a "disturbing" number of train derailments and wrecks in the state.

The commission said in a statement Wednesday that it wanted to determine whether "continuing derailments and wrecks are caused wholly or in part by inadequate inspection and maintenance of track and rolling stock."

Killed in Mishap

SPRINGFIELD, Vt. (AP) — Mrs. Anna H. Beardsley, 77, of Springfield was killed Wednesday night when a car in which she was a passenger went off Interstate 91 and down an embankment.

Mrs. Beardsley was the daughter of former Vermont Gov. William Hartness and sister-in-law of former Vermont U.S. Sen. Ralph Flanders.

Saratoga Wins Court Battle

ALBANY, N.Y. (AP) — An appellate court dismissed today a \$1.3 million suit brought by the owners of Saratoga Raceway against a harness horsemen's group in connection with a 1965 dispute over a contract. The Supreme Court's Appellate Division 3rd Department, voted unanimously to dismiss the suit against three officers of the Harness Horsemen International Inc.

The court held that New York State courts have no jurisdiction in the matter because there is no indication that the three officers, all non-residents of New York, conducted any business in New York State at the time of the dispute.

The track complained that the three—David Buckson of Wilmington, Del., Francis P. Smith of Providence, R.I., and Thomas Shehan of Massachusetts—had conspired to encourage owners of harness racehorses to boycott Saratoga Raceway in July 1965 while the owners were attempting to obtain a contract from the raceway.

UCLANs Keep Rolling; Rupp Still Shuddering

Associated Press Sports Writer

UCLA continues to give opponents the shakes, and in Kentucky, Adolph Rupp just sits and shudders.

The top-ranked Uclans, led by towering Lew Alcindor, battered Wisconsin 100-56 in the Los Angeles Classic Monday night as college basketball's tournament turmoil reached its peak.

But at Lexington, Ky., Rupp's Wildcats, who seemed to have snapped their slump by winning their Invitational tourney last week, stumbled again, dropping a 92-77 shocker to lightly-regarded Cornell.

That left Rupp's club — much the same team that reached the NCAA championships finals last March — with a mediocre 4-4 record. And all four losses have come at home, where the Wildcats are usually at their best.

Meanwhile, UCLA gave an awesome display in its LA Classic debut.

Alcindor, the 7-foot-1½ sophomore, scored 24 points and grabbed 16 rebounds as UCLA demolished Wisconsin. He also blocked shot after shot, frustrating the Badger offense.

In the first game of the LA Classic opening round double-header, Georgia Tech upset Michigan 101-70 with Pres Judy scoring 21 points.

Western Kentucky whipped

host Miami 94-89 for the Hurricane Classic title.

Friars In Finals
Providence and St. Joseph's advanced to the finals of New York's Holiday Festival, both on the strength of strong individual performances.

The Friars got 38 points from Jimmy Walker and whipped Northwestern 91-79 while Cliff Anderson hit 39 for the Hawks, who dropped Rhode Island 91-79.

Michigan State, ranked 10th in the country going into the Quaker City tournament this week, dropped its second straight there. The Spartans, who were beaten by Villanova in their opener, lost to Bowling Green 75-67 in the consolation round.

Houston, No. 8, got 22 points each from Elvin Hayes and Don Charney and won their eighth straight, beating Kent State 85-73 in the opening round of the 85-73 in the opening round of the Arkansas State tournament.

Seventh-ranked Cincinnati, not playing in any tourney, kept busy with a 94-66 romp over St. Joseph's of Indiana as six players reached double figures. It was the Bearcats' eighth straight victory.
